OVERALL  
MORNINGSTAR RATING™ \*

1. The Trust invests primarily in equities and equity-related securities of companies incorporated in, or exercising the predominant part of their economic activity in the Asia region excluding Japan, or quoted or traded on the stock exchanges in those countries.
2. The Trust is subject to risks, such as investment, equities and equity-related securities, currency risks and the risks of investing in small and mid-capitalisation companies and convertible bonds.

4. The Manager integrates environmental, social and governance (ESG) information into the investment process, which may affect the Fund's investment performance and, as such, may perform differently compared to similar collective investment schemes.
