Barings Umbrella Fund Plc

Introduction

Barings Umbrella Fund Plc (the “Company”) is incorporated as an Irish open-ended umbrella investment company with variable capital and segregated liability between sub-funds. The Company is authorised by the Central Bank of Ireland (the “CBI”) under the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended) and under the Central Bank (Supervision & Enforcement) Act 2013 (Section 48(1) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (together, the “UCITS Regulations”). The Company’s shares are listed on the Euronext Dublin, Global Exchange Market.

The registered office of the Company is 70 Sir John Rogerson’s Quay, Dublin, D02 R296, Ireland.

The investment objective of each Sub-Fund is to provide high current income generation, and where appropriate, capital appreciation. The administration of the Company is delegated to State Street Fund Services (Ireland) Limited (the “Administrator”).

Shares representing interests in different sub-funds may be issued from time to time by the Company. As at 31 December 2023, the Company had 12 active sub-funds (the “Sub-Funds”). The Company may create additional Sub-Funds, with the prior approval of the CBI.

These financial statements are in respect of the Swiss registered funds listed below. The full report of the Company is available free of charge on request from the Manager.

The following Sub-Funds have been approved by the CBI:

Sub-Fund	Launch Date
Barings Global Senior Secured Bond Fund (“GSSB Fund”)	27 January 2011
Barings European High Yield Bond Fund (“EHYB Fund”)	31 May 2011
Barings Global High Yield Bond Fund (“GHYB Fund”)	30 April 2012
Barings Emerging Markets Corporate Bond Fund (“EMCB Fund”)	16 April 2014
Barings Emerging Markets Local Debt Fund (“EMLD Fund”)	16 April 2014
Barings Emerging Markets Debt Short Duration Fund (“EMDSD Fund”)	17 November 2014
Barings Active Short Duration Fund (“ASD Fund”)	18 November 2014
Barings Emerging Markets Debt Blended Total Return Fund (“EMDBTR Fund”)	03 December 2014
Barings Emerging Markets Sovereign Debt Fund (“EMSD Fund”)	10 September 2015
Barings U.S. High Yield Bond Fund (“USHYB Fund”)	17 February 2016
Barings Developed and Emerging Markets High Yield Bond Fund (“DEMHYB Fund”)	2 December 2022

As at 31 December 2023, all of the active Sub-Funds’ share tranches are listed on the Global Exchange Market of Euronext Dublin.

As at 31 December 2023, the Company had no employees.

Hong Kong Authorised Funds

The following Sub-Funds are registered for sale in Hong Kong, and are authorised by the Hong Kong Securities and Futures Commission (“SFC”) pursuant to the provisions of the Hong Kong Code on Unit Trusts and Mutual Funds, supplemented or consolidated from time to time:

Barings Global Senior Secured Bond Fund (GSSB Fund)
Barings Global High Yield Bond Fund (GHYB Fund)
Barings Emerging Markets Sovereign Debt Fund (EMSD Fund)
Barings Developed and Emerging Markets High Yield Bond Fund (DEMHYB Fund)

Within the prospectus of the above Sub-Funds it sets out requirements to comply with certain disclosure requirements of the Hong Kong Code on Unit Trusts & Mutual funds. In the opinion of the Directors the financial statements materially comply with these requirements.

GSSB Fund and GHYB Fund registered with effect from 4 October 2018, EMSD Fund registered with effect from 13 September 2019 and DEMHYB Fund registered with effect from 4 March 2022.

None of the Sub-Funds, other than the aforementioned Sub-Funds, are authorised for sale in Hong Kong nor are they available to Hong Kong residents.

Barings Umbrella Fund Plc

Investment Objective and Policy

Barings Global Senior Secured Bond Fund

The investment objective of the Sub-Fund is to provide high current income generation and, where appropriate, capital appreciation. To achieve its objective, the Sub-Fund will invest principally in a portfolio of fixed and floating rate Corporate Debt Instruments, focusing primarily on North American and European senior secured High Yield Instruments which are listed or traded on Recognised Markets in Europe or North America. While the Sub-Fund will invest principally in North American and European issuers, it may also invest in issuers located in other geographic areas, subject to a limit of 5% of Net Asset Value in issuers from Emerging Markets.

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental (“E”) and/or social (“S”) characteristics. Further information about the environmental and social characteristics promoted by the Sub-Fund is available in the SFDR Annex appended to the Supplement.

Barings European High Yield Bond Fund

The investment objective of the Sub-Fund is to provide high current income generation and, where appropriate, capital appreciation. To achieve its objective, the Sub-Fund will invest in a portfolio consisting primarily of European High Yield Instruments. European High Yield Instruments comprise High Yield fixed and floating rate Corporate Debt Instruments issued either by European corporations in any currency, or issued in a European currency by corporations established outside Europe and/or listed or traded on a Recognised Market in Europe.

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental (“E”) and/or social (“S”) characteristics. Further information about the environmental and social characteristics promoted by the Sub-Fund is available in the SFDR Annex appended to the Supplement.

Barings Global High Yield Bond Fund

The investment objective of the Sub-Fund is to provide high current income generation and, where appropriate, capital appreciation. To achieve its objective, the Sub-Fund will invest principally in a portfolio of High Yield fixed and floating rate Corporate Debt Instruments, focusing primarily on North American and European High Yield Instruments which are listed or traded on Recognised Markets in Europe or North America.

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental (“E”) and/or social (“S”) characteristics. Further information about the environmental and social characteristics promoted by the Sub-Fund is available in the SFDR Annex appended to the Supplement.

Barings Emerging Markets Corporate Bond Fund

The investment objective of the Sub-Fund is to seek maximum total return, consistent with preservation of capital and prudent investment management, through high current income generation and, where appropriate, capital appreciation. To achieve its objective, the Sub-Fund will invest under normal circumstances at least 80% of its net assets in an actively managed diversified portfolio consisting of fixed income instruments that are economically tied to emerging market countries including fixed income instruments that are issued by corporate issuers that are economically tied to emerging market countries.

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental (“E”) and/or social (“S”) characteristics. Further information about the environmental and social characteristics promoted by the Sub-Fund is available in the SFDR Annex appended to the Supplement.

Barings Emerging Markets Local Debt Fund

The investment objective of the Sub-Fund is to seek long-term total return through investment in a diversified portfolio of emerging markets local currency-denominated debt securities. To achieve its objective, the Sub-Fund will invest under normal circumstances primarily in an actively managed diversified portfolio consisting of local currency fixed income instruments issued by emerging market governments and their quasi sovereign agencies (including supranational and sub-national government issues).

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental (“E”) and/or social (“S”) characteristics. Further information about the environmental and social characteristics promoted by the Sub-Fund is available in the SFDR Annex appended to the Supplement. The Sub-Fund will also invest at least 75% of the Sub-Fund’s total assets in countries that exhibit strong or improving human development conditions, as measured by the United Nations Human Development Index (“HDI”) and calculated as the average of the five year period as of two years prior to the investment period. Further details of the Investment Manager’s ESG policy is available in the Prospectus and the Manager’s website at www.barings.com.

Barings Umbrella Fund Plc

Investment Objective and Policy (continued)

Barings Emerging Markets Debt Short Duration Fund

The investment objective of the Sub-Fund is to seek maximum total return, consistent with preservation of capital and prudent investment management, through high current income generation and, where appropriate, capital appreciation. To achieve its objective, the Sub-Fund will invest under normal circumstances at least 80% of its net assets in an actively managed diversified portfolio consisting of fixed income instruments that are economically tied to emerging market countries including fixed income instruments that are issued by corporate issuers that are economically tied to emerging market countries.

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental (“E”) and/or social (“S”) characteristics. Further information about the environmental and social characteristics promoted by the Sub-Fund is available in the SFDR Annex appended to the Supplement.

Barings Active Short Duration Fund

The investment objective of the Sub-Fund is to seek a maximum total rate of return primarily from current income, while minimising fluctuations in capital values, by investing in short-term Investment Grade fixed income securities. The “total return” sought by the Sub-Fund consists of current income and capital appreciation, if any, which generally arises from decreases in interest rates or improving credit fundamentals. To achieve its objective, the Sub-Fund will invest primarily in an actively managed diversified portfolio of fixed income instruments which are listed or traded on Recognised Markets in North America and Europe.

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental (“E”) and/or social (“S”) characteristics. Further information about the environmental and social characteristics promoted by the Sub-Fund is available in the SFDR Annex appended to the Supplement.

Barings Emerging Markets Debt Blended Total Return Fund

The investment objective of the Sub-Fund is to seek maximum total return, consistent with preservation of capital and prudent investment management, through high current income generation and, where appropriate, capital appreciation. To achieve its objective, the Sub-Fund will invest under normal circumstances at least 80% of its net assets in an actively managed diversified portfolio consisting of fixed income instruments that are economically tied to emerging market countries including fixed income instruments that are issued by corporate issuers that are economically tied to emerging market countries.

Barings Emerging Markets Sovereign Debt Fund

The investment objective of the Sub-Fund is to seek maximum total return, consistent with preparation of capital and prudent investment management, through high current income generation and where appropriate, capital appreciation. To achieve its objective, the Sub-Fund will invest under normal circumstances at least 80% of its net assets in an actively managed diversified portfolio consisting of fixed income instruments that are issued by or economically tied to, emerging market countries including fixed income instruments that are issued by corporate issuers that are economically tied to emerging market countries.

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental (“E”) and/or social (“S”) characteristics. Further information about the environmental and social characteristics promoted by the Sub-Fund is available in the SFDR Annex appended to the Supplement.

Barings U.S. High Yield Bond Fund

The investment objective of the Sub-Fund is to provide high current income generation and, where appropriate, capital appreciation. To achieve its objective, the Sub-Fund will invest principally in a portfolio of High Yield fixed and floating rate Corporate Debt Instruments, focusing primarily on North American High Yield Instruments which are listed or traded on Recognised Markets in North America.

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental (“E”) and/or social (“S”) characteristics. Further information about the environmental and social characteristics promoted by the Sub-Fund is available in the SFDR Annex appended to the Supplement.

Barings Developed and Emerging Markets High Yield Bond Fund

The investment objective of the Sub-Fund is to produce a high level of current income, commensurate with an acceptable level of risk as determined by the Investment Manager in its reasonable discretion. To achieve its objective, the Sub-Fund will invest principally in a portfolio of high yield fixed and floating rate Corporate Debt Instruments and government debt instruments globally. The Sub-Fund may invest more than 20% of its Net Asset Value in emerging markets.

Please refer to the Prospectus for the full investment objective and policy.

Barings Umbrella Fund Plc

Directors' Report

For the financial year ended 31 December 2023

The Directors present herewith their annual report and the audited financial statements of Barings Umbrella Fund Plc ("the Company") for the financial year ended 31 December 2023.

Statement of Directors' responsibilities

The Directors are responsible for preparing the Directors' Report and financial statements, in accordance with applicable Irish law and regulations. Irish Company law requires the Directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union ("EU") and applicable law.

Under Irish company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the Company as at the financial year-end date and of the profit or loss of the Company for the financial year and otherwise comply with the Companies Act 2014. In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether they have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or cease operations, or have no realistic alternative to do so.

The Directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the assets, liabilities, financial position and profit or loss of the Company and enable them to ensure that its financial statements comply with the Companies Act 2014, the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended) and under the CBI (Supervision & Enforcement) Act 2013 (Section 48(1) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019, as amended (together, the "UCITS Regulations"). The Directors have appointed State Street Fund Services (Ireland) Limited to keep adequate accounting records which are located at the offices of the administrator at 78 Sir John Rogerson's Quay, Dublin 2, Ireland.

They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company. In this regard they have entrusted the assets of the Company to State Street Custodial Services (Ireland) Limited ("the Depository") for safe-keeping. They have general responsibility for taking such steps as are reasonably open to them to prevent and detect fraud and other irregularities. The Directors are also responsible for preparing a Directors' Report that complies with the requirements of the Companies Act 2014.

The financial statements are published at: www.baring.com. The Directors together with Baring International Fund Managers (Ireland) Limited ("the Manager") and the Investment Managers are responsible for the maintenance and integrity of the website as far as it relates to Barings Funds. Legislation in the Republic of Ireland governing the presentation and dissemination of the financial statements may differ from legislation in other jurisdictions.

Review of the performance and future developments of the business

A detailed review of the business and future developments and KPI's are included in the Investment Managers' Reports.

Results and distributions

The results of operations for the financial year are set out in the Statement of Comprehensive Income. The Directors declared distributions during the financial year as set out in Note 8 of these financial statements.

Risk management objectives and policies

An investment in the Company involves a high degree of risk, including, but not limited to, the risks as outlined below. An investment in the Company is only suitable for investors who are in a position to take such risks. There can be no assurance that the Company will achieve its objectives, and the value of shares can go down as well as up. The principal risks and uncertainties faced by the Company are market price risk, foreign currency risk, liquidity risk, credit risk and interest rate risk, which are outlined in Note 11 of these financial statements.

Barings Umbrella Fund Plc

Directors' Report (continued)

For the financial year ended 31 December 2023

Directors

The names and nationalities of persons who were Directors at any time during the financial year ended 31 December 2023 are set out below:

Mr. Alan Behen (Irish)
Ms. Barbara Healy (Irish)*
Mr. Paul Smyth (Irish)
Mr. Julian Swayne (British)***
Mr. Syl O'Byrne (Irish)* & **

Unless stated otherwise, the Directors served for the entire financial year.

*Non-executive Directors independent of the Investment Managers.

**Mr. Syl O'Byrne was appointed as a Director of the Company with effect from 27 January 2023.

***Mr. Julian Swayne resigned as a Director of the Company with effect from 4 August 2023.

Directors' & Company Secretary's interests in the shares of the Company

None of the current Directors, the Company Secretary or their families hold or held any beneficial interest in the shares of the Company during the financial year ended 31 December 2023 (31 December 2022: Nil).

Transactions involving Directors

Other than as stated in Note 9 and Note 10 of these financial statements, there were no contracts or arrangements of any significance in relation to the business of the Company in which the Directors had any interest, as defined in the Companies Act 2014, at any time during the financial year ended 31 December 2023 (31 December 2022: None).

Mr. Julian Swayne, who resigned as a Director of the Company with effect from 4 August 2023, was an employee of Baring Investment Services Limited. Mr. Alan Behen and Mr. Paul Smyth are employees of the Manager.

Each of the Directors are directors of the Manager.

Significant events during the financial year

Mr. Syl O'Byrne was appointed as a Director of the Company with effect from 27 January 2023.

Mr. Julian Swayne resigned as a Director of the Company with effect from 4 August 2023.

The Prospectus of the Company was updated with effect from 1 September 2023. The material changes to the Prospectus are outlined in Note 21 of these financial statements.

Launches and terminations of Sub-Funds' share tranches have been outlined in Note 22 of these financial statements.

There have been no other significant events affecting the Company up to the date of approval of the financial statements.

Significant events since the financial year end

There were distributions declared by various Sub-Funds subsequent to year end, details of which are outlined in Note 23 of these financial statements.

There have been no other significant events affecting the Company up to the date of approval of the financial statements.

Russia/Ukraine conflict

The ongoing conflict between Russia and Ukraine has led to significant disruption and volatility in the global stock market. As a result of this, the fair value of Russian securities held within the Sub-Funds have experienced a sharp decline since early 2022. As a consequence of this, management made the determination to value all Russian, Ukrainian and Belarusian sovereign local bonds, sovereign hard currency debt (USD / EUR) and corporate bonds on a bid basis and one sanctioned bond held by Barings Emerging Markets Local Debt Fund has been manually marked at zero. This was based on the current restrictions on trading due to sanctions and market liquidity. Exposure details at 31 December 2023 and 31 December 2022 are outlined in the table in Note 24. The ongoing ramifications of the conflict may not be limited to Russia and Russian companies or Ukraine but may spill over to other regional and global economic marks, and the extent of the resulting impact remains uncertain. Barings continues to monitor the situation in Ukraine and consider appropriate measures for the affected Sub-Funds.

Relevant audit information

The Directors believe that they have taken all steps necessary to make themselves aware of any relevant audit information and have established that the Company's statutory auditors are aware of that information. In so far as they are aware, there is no relevant audit information of which the Company's statutory auditors are unaware.

Barings Umbrella Fund Plc

Directors' Report (continued)

For the financial year ended 31 December 2023

Directors' compliance statement

The Directors, in accordance with Section 225(2) of the Companies Act 2014, acknowledge that they are responsible for securing the Company's compliance with certain obligations specified in that sector arising from the Companies Act 2014, where applicable, the Market Abuse (Directive 2003/6/EC) Regulations 2005, the Prospectus (Directive 2003/71/EC) Regulations 2015, the Transparency (Directive 2004/109/EC) Regulations 2007 and Tax laws ('relevant obligations'). The Directors confirm that:

- a compliance policy statement has been drawn up setting out the Company's policies with regard to such compliance;
- appropriate arrangements and structures that, in their opinion, are designed to secure material compliance with the Company's relevant obligations have been put in place; and
- a review has been conducted, during the financial year, of the arrangements and structures that have been put in place to secure the Company's compliance with its relevant obligations.

Audit committee statement

The Directors have decided not to establish an audit committee pursuant to section 167(2) of the Companies Act 2014, based on:

- (a) the nature, scale and complexity of the Company's business range of services and activities undertaken in the course of that business;
- (b) the resources available to the Company and the resources and expertise of the various third parties engaged to support the Company and carry out certain functions on its behalf; and
- (c) the procedures in place for the review, approval and circulation of the audited financial accounts and statements which are appropriate for an investment company pursuant to the UCITS Regulations.

There is an audit committee established in the U.S. at Barings LLC, covering the Barings group. Barings LLC is the holding company of Barings Group, which includes the Manager and the Investment Manager.

EU Takeovers Directive

The Company is not subject to the European Communities (Takeover Bids (Directive 2004/25/EC) Regulation 2006 and therefore is not required to include information relating to voting rights and other matters required by those Regulations and specified by the Companies Act 2014.

Corporate Governance Statement

General Principles

The Company is subject to comply with the requirements of the Companies Act, 2014 (the "Companies Act"), the UCITS Regulations and the CBI UCITS Regulations and guidance notes, as applicable to the Company. The European Communities (Directive 2006/46/EC) Regulations (S.I. 450 of 2009 and S.I. 83 of 2010) (the "Regulations") requires the inclusion of a corporate governance statement in the Directors' Report. The aforementioned Regulations apply to entities that are listed on Euronext Dublin. On 14 December 2011, Irish Funds published a corporate governance code ("IF Code") that may be adopted on a voluntary basis by Irish authorised collective investment schemes. The Board of Directors (the "Board") adopted the IF Code on 6 November 2012, with effect from 31 December 2012. The Board considers that the Company has complied with the provisions contained in the IF Code throughout this financial year.

The Company was also subject to corporate governance practices imposed by:

- (i) The Irish Companies Act, 2014 which are available for inspection at the registered office of the Company; and may also be obtained at <http://www.irishstatutebook.ie>;
- (ii) The Articles of Association of the Company which are available for inspection at the registered office of the Company and at the Companies Registration Office in Ireland;
- (iii) The CBI in their UCITS Regulations which can be obtained from the CBI's website at: <https://www.centralbank.ie/regulation/industry-market-sectors/funds> and are available for inspection at the registered office of the Company; and
- (iv) Euronext Dublin through the Euronext Dublin Code of Listing Requirements and Procedures which can be obtained from Euronext Dublin's website at: <http://www.ise.ie>

The Board did not adopt any further corporate governance codes during the financial year.

It should be noted that the IF Code reflects existing corporate governance practices imposed on Irish authorised collective investment schemes, as noted above. If the IF Code is adopted on a voluntary basis, it can be referred to in the disclosures made in the Directors' Report in compliance with the provisions of the European Communities (Directive 2006/46/EC) Regulations (i.e. S.I. 450 of 2009 and S.I. 83 of 2010).

Barings Umbrella Fund Plc

Directors' Report (continued)

For the financial year ended 31 December 2023

Corporate Governance Statement (continued)

Internal Control and Risk Management Systems in Relation to Financial Reporting

The Board is responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process. Such systems are designed to manage rather than eliminate the risk of error or fraud in achieving the Company's financial reporting objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Board has procedures in place to ensure that all relevant books of account are properly maintained and are readily available, including production of annual and half yearly financial statements. The Board has appointed the Administrator to maintain the books and records of the Company.

The Administrator is authorised and regulated by the CBI and must comply with the rules imposed by the CBI. From time to time, the Board examines and evaluates the Administrator's financial accounting and reporting routines. The annual financial statements of the Company are produced by the Administrator and reviewed by the Investment Managers. They are required to be approved by the Board and the annual and half yearly financial statements of the Company are required to be filed with the CBI and the annual financial statements are required to be filed with Euronext Dublin.

During the financial year of these financial statements, the Board was responsible for the review and approval of the annual financial statements as set out in the Statement of Directors' Responsibilities. The statutory financial statements are required to be audited by independent auditors who report annually to the Board on their findings. The Board monitors and evaluates the independent auditor's performance, qualifications and independence. As part of its review procedures, the Board receives presentations from relevant parties including consideration of International Accounting Standards and their impact on the annual financial statements, and presentations and reports on the audit process. The Board evaluates and discusses significant accounting and reporting issues as the need arises.

Dealings with Shareholders

The convening and conduct of shareholders' meetings are governed by the Articles of Association of the Company and the Companies Act.

Although the Directors may convene an extraordinary general meeting of the Company at any time, the Directors were required to convene the first annual general meeting of the Company within eighteen months of incorporation and fifteen months of the date of the previous annual general meeting thereafter, provided that an annual general meeting is held once in each year within six months of the end of each financial year of the Company. At least twenty-one clear days' notice of every annual general meeting and any meeting convened for the passing of a special resolution must be given to shareholders and fourteen days' notice must be given in the case of any other general meeting, unless the auditors of the Company and all the shareholders of the Company entitled to attend and vote agree to shorter notice. Two shareholders present either in person or by proxy constitutes a quorum at a general meeting.

The share capital of the Company is divided into different tranches of shares and the Companies Act and the Articles of Association provide that the quorum for a general meeting convened to consider any alteration to the rights attached to any tranche of shares, is two or more shareholders present in person or by proxy, holding or representing by proxy at least one third of the issued shares of the relevant tranche. Every holder of participating shares or non-participating shares present, in person or by proxy who votes on a show of hands is entitled to one vote. On a poll, every holder of participating shares present, in person or by proxy, is entitled to one vote in respect of each share held by him, and every holder of non-participating shares is entitled to one vote in respect of all non-participating shares held by him. At any general meeting, a resolution put to the vote of the meeting is decided on a show of hands unless, before or upon the declaration of the result of the show of hands, a poll is demanded by the chairman of the general meeting, or by at least two members or shareholders present, in person or by proxy, having the right to vote at such meeting, or any holder or holders of participating shares present, in person or by proxy, representing at least one tenth of the shares in issue having the right to vote at such meeting.

Shareholders may resolve to sanction an ordinary resolution or special resolution at a shareholders' meeting. Alternatively, a resolution in writing signed by all of the shareholders and holders of non-participating shares for the time being entitled to attend and vote on such resolution at a general meeting of the Company, will be valid and effective for all purposes as if the resolution had been passed at a general meeting of the Company duly convened and held. An ordinary resolution of the Company (or of the shareholders of a particular Sub-Fund or tranche of shares) requires a simple majority of the votes cast by the shareholders voting, in person or by proxy, at the meeting at which the resolution is proposed. A special resolution of the Company (or of the shareholders of a particular Sub-Fund or tranche of shares) requires a majority of not less than 75% of shareholders present, in person or by proxy, and voting in general meeting in order to pass a special resolution including a resolution to amend the Articles of Association.

Barings Umbrella Fund Plc

Directors' Report (continued)

For the financial year ended 31 December 2023

Corporate Governance Statement (continued)

Board composition and activities

In accordance with the Companies Act and the Articles of Association, unless otherwise determined by an ordinary resolution of the Company in a general meeting, the number of Directors may not be less than two. Currently the Board is comprised of four non-executive Directors, two of whom are independent. Details of the current Directors are disclosed on page 2.

The business of the Company is managed by the Directors, who exercise all such powers of the Company as required by the Companies Act or by the Articles of Association of the Company.

The Board is responsible for the Company's overall direction and strategy and to this end it reserves the decision making power on issues such as the determination of medium and long-term goals, review of managerial performance, organisational structure and capital needs and commitments to achieve the Company's strategic goals. To achieve these responsibilities, the Board meets on a quarterly basis to review the operations of the Company, address matters of strategic importance and to receive reports from the Administrator, Depositary and the Investment Managers. However, a Director may, and the Company Secretary on the requisition of a Director will, at any time summon a meeting of the Directors and ad hoc meetings in addition to the four meetings that are convened as required.

Questions arising at any meeting of the Directors are determined by the Chairman. In the case of an equality of votes, the Chairman of the meeting at which the show of hands takes place or at which the poll is demanded shall be entitled to a second or casting vote. The quorum necessary for the transaction of business at a meeting of the Directors is two.

Transactions with connected persons

The UCITS Regulations require that any transaction carried out with the Company by a manager, depositary, investment manager and/or associate of these ("connected persons") must be carried out as if negotiated at arm's length. Transactions must be in the best interests of the shareholders.

The Board are satisfied that there are arrangements (evidenced by written procedures) in place to ensure that the obligations set out in Regulation 43(1) of the CBI UCITS Regulations are applied to all transactions with connected persons, and are satisfied that transactions with connected persons entered into during the year complied with the obligations set out in Regulation 43(1) of the CBI UCITS Regulations.

Remuneration code

The UCITS V provisions, which became effective on 18 March 2016, require Management Companies to establish and apply remuneration policies and practices that promote sound and effective risk management, and do not encourage risk taking which is inconsistent with the risk profile of the UCITS.

The Manager has a remuneration policy in place, details of which are available on the Barings website at: <http://www.barings.com/investment-policies>.

The purpose of the Manager's remuneration policy is to seek to ensure that the remuneration arrangements of "Identified Staff":

- (i) are consistent with and promote sound and effective risk management and do not encourage risk-taking which is inconsistent with the risk profile, rules or instruments of incorporation of the Company or any fund which the Company is the manager of; and
- (ii) are consistent with the Company's business strategy, objectives, values and interests and include measures to avoid conflicts of interest.

The Company has a business model, policies and procedures which by their nature do not promote excessive risk taking and which take account of the nature, scale and complexity of the Manager and the Sub-Funds.

Please see Appendix 4 - Disclosure of Remuneration.

Barings Umbrella Fund Plc

Depositary's Report

For the financial year ended 31 December 2023

We have enquired into the conduct of Barings Umbrella Fund Plc ('the Company') for the financial year ended 31 December 2023, in our capacity as Depositary to the Company.

This report including the opinion has been prepared for and solely for the shareholders in the Company as a body, in accordance with Regulation 34, (1), (3) and (4) in Part 5 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended, ('the UCITS Regulations'), and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations. One of those duties is to enquire into the conduct of the Company in each annual accounting period and report thereon to the shareholders.

Our report shall state whether, in our opinion, the Company has been managed in that period in accordance with the provisions of the Company's constitution (the "Constitution") and the UCITS Regulations. It is the overall responsibility of the Company to comply with these provisions. If the Company has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations and to ensure that, in all material respects, the Company has been managed:

- (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of the Company's Constitution and the UCITS Regulations; and
- (ii) otherwise in accordance with the Company's constitutional documentation and the appropriate regulations.

Opinion

In our opinion, the Company has been managed during the financial year, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the Constitution, the UCITS Regulations and the CBI (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 ('the CBI UCITS Regulations'); and
- (ii) otherwise in accordance with the provisions of the Constitution, the UCITS Regulations and the CBI UCITS Regulations.

Barings Umbrella Fund Plc

Independent Auditor's Report

For the financial year ended 31 December 2023

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BARINGS UMBRELLA FUND PLC

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Barings Umbrella Fund plc ('the Company') for the year ended 31 December 2023 set out on pages 31 to 241, which comprise the Statement of Financial Position, Statement of Comprehensive Income, Statement of Changes in Net Assets Attributable to the Holders of Redeemable Participating Shares, Statement of Cash Flows and related notes, including the summary of material accounting policies set out in note 2.

The financial reporting framework that has been applied in their preparation is Irish Law and International Financial Reporting Standards ('IFRS') as adopted by the European Union.

In our opinion:

- the financial statements give a true and fair view of the assets, liabilities and financial position of the Company as at 31 December 2023 and of its change in net assets attributable to holders of redeemable participating shares for the year then ended;
- the financial statements have been properly prepared in accordance with IFRS as adopted by the European Union; and
- the financial statements have been properly prepared in accordance with the requirements of the Companies Act 2014, the European Communities (Undertakings for Collective Investment in Transferable Securities Regulations) 2011 and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We have fulfilled our ethical responsibilities under, and we remained independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), as applied to listed entities.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the director's use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the director's assessment of the entity's ability to continue to adopt the going concern basis of accounting included considering the inherent risks to the Company's business model and analysis of how those risks might affect the Company's financial resources or ability to continue operations over the going concern period. The risks that we considered most likely to adversely affect the Company's available financial resources over this period were the availability of capital to meet operating costs and other financial commitments (liquidity risk) and the valuation of investments at fair value as a result of market performance (price risk). In the directors' assessment it was noted that the Company is a large platform with significant resources and the composition of the Company's portfolio reduces the going concern risk resulting from market performance of the investments. The directors' assessment is consistent with our understanding of the Company's capital structure and the composition of the portfolio held by the Company.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Barings Umbrella Fund Plc

Independent Auditor's Report (continued)

For the financial year ended 31 December 2023

Detecting irregularities including fraud

We identified the areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements and risks of material misstatement due to fraud, using our understanding of the entity's industry, regulatory environment and other external factors and inquiry with the directors. In addition, our risk assessment procedures included:

- Inquiring with the directors and other management as to the Company's policies and procedures regarding compliance with laws and regulations, identifying, evaluating and accounting for litigation and claims, as well as whether they have knowledge of non-compliance or instances of litigation or claims.
- Inquiring of directors, and inspection of policy documentation as to the Company's policies and procedures to prevent and detect fraud, as well as whether they have knowledge of any actual, suspected or alleged fraud.
- Inquiring of directors, regarding their assessment of the risk that the financial statements may be materially misstated due to irregularities, including fraud.
- Inspecting the Company's regulatory and legal correspondence.
- Reading Board meeting minutes.
- Performing planning analytical procedures to identify any unusual or unexpected relationships.

We discussed identified laws and regulations, fraud risk factors and the need to remain alert among the audit team.

Firstly, the Company is subject to laws and regulations that directly affect the financial statements including companies and financial reporting legislation. We assessed the extent of compliance with these laws and regulations as part of our procedures on the related financial statement items, including assessing the financial statement disclosures and agreeing them to supporting documentation when necessary.

Secondly, the Company is subject to many other laws and regulations where the consequences of non-compliance could have a material effect on amounts or disclosures in the financial statements, for instance through the imposition of fines or litigation. We identified the following areas as those most likely to have such an effect: anti-bribery, environmental law, regulatory capital and liquidity and certain aspects of company legislation recognising the financial and regulated nature of the Company's activities and its legal form.

Auditing standards limit the required audit procedures to identify non-compliance with these non-direct laws and regulations to inquiry of the directors and other management and inspection of regulatory and legal correspondence, if any. These limited procedures did not identify actual or suspected non-compliance.

We assessed events or conditions that could indicate an incentive or pressure to commit fraud or provide an opportunity to commit fraud. As required by auditing standards, we performed procedures to address the risk of management override of controls and the risk of fraudulent revenue recognition. On this audit we do not believe there is a fraud risk related to revenue recognition. We did not identify any additional fraud risks.

In response to the fraud risks, we also performed procedures including:

- Identifying journal entries and other adjustments to test based on risk criteria and comparing the identified entries to supporting documentation.
- Assessing significant accounting estimates for bias.
- Assessing the disclosures in the financial statements.

As the Company is regulated, our assessment of risks involved obtaining an understanding of the legal and regulatory framework that the Company operates and gaining an understanding of the control environment including the entity's procedures for complying with regulatory requirements.

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations (irregularities) is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it.

In addition, as with any audit, there remains a higher risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. We are not responsible for preventing non-compliance and cannot be expected to detect non-compliance with all laws and regulations.

Barings Umbrella Fund Plc

Independent Auditor's Report (continued)

For the financial year ended 31 December 2023

Key Audit matters: our assessment of risks of material misstatement

Key audit matters are those matters that, in our professional judgement, were of most significance in the audit of the financial statements and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by us, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In arriving at our audit opinion above, the key audit matters were as follows (unchanged from 2022):

Valuation of Investments \$9,840,105,469 (31 December 2022 \$7,944,842,361)

Refer to note 2 (accounting policy) and note 11 (financial disclosures)

The key audit matter

The Company's investment portfolio comprises of equities, bonds, investment funds and derivatives (including both listed and non-listed investments). The valuation of investments is the key driver of the Company's net asset value and performance for the year. While the nature of the Company's investments do not require a significant level of judgement in their valuation, due to their significance in the context of the financial statements as a whole, the valuation of investments was identified as a risk of material misstatement which had the greatest effect on our overall audit strategy and allocation of resources in planning and completing our audit.

For the reasons outlined above the engagement team determine this matter to be a key audit matter.

How the matter was addressed in our audit

Our audit procedures included:

- engaging our valuation specialists, who agreed 98.19% of the net investment portfolio to independently sourced prices;
- for the valuation of the remaining 1.81% of the net investment portfolio, there were certain illiquid investments over which the Investment Manager was appointed as competent person and are subject to valuation techniques by the Investment Manager which incorporates certain judgements and uncertainties. For material positions, we obtained the supporting documentation from the Investment Manager to support their pricing judgements and this documentation was inspected for reasonableness. This included our valuation specialist assessing the assumptions included in the valuations and also to the extent possible, corroborating the data inputs to supporting documentation; and
- in addition, we considered the adequacy of the disclosure of investments made in the financial statements in relation to the fair value of investments and fair value disclosures for compliance with IFRS.

Based on evidence obtained, we noted no material exceptions arising from our testing.

Our application of materiality and an overview of the scope of our audit

The materiality for the Company's financial statements as a whole was set at US\$102.7m (31 December 2022: US\$84.8m) determined with reference to a benchmark of the Company's Net Asset Value ("NAV") (of which it represents 1% as at 31 December 2023 (31 December 2022: 1%)).

Performance materiality for the financial statements as a whole was set at \$77.0m (31 December 2022: \$63.6m), determined with reference to a benchmark of 75% of materiality (of which it represents 75% (31 December 2022: 75%)).

We consider Net Asset Value to be the most appropriate benchmark as it is the most widely used benchmark in the funds industry and is the metric that is most important to investors, who would be one of the key users of the Company's financial statements. Subscriptions and redemptions in and out of the Company are transacted at NAV per share. Potential investors would also judge how the Company is performing based on its NAV.

We reported to the Board of Directors any corrected or uncorrected identified misstatements exceeding \$5.1m (2022: \$4.2m), in addition to other identified misstatements that warranted reporting on qualitative grounds.

Our audit was undertaken to the materiality and performance materiality level specified above and was all performed by a single engagement team in Dublin.

Barings Umbrella Fund Plc

Independent Auditor's Report (continued)

For the financial year ended 31 December 2023

Other information

The directors are responsible for the other information presented in the Annual Report together with the financial statements. The other information comprises the information included in the directors' report investment policy and objective, depositary's report, investment manager's report, schedule of investments, significant changes in portfolio composition, additional information for investors in the Federal Republic of Germany, additional information regarding Hong Kong registered funds, disclosure of remuneration and sustainable finance disclosure regulation. The financial statements and our auditor's report thereon do not comprise part of the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work we have not identified material misstatements in the other information.

Based solely on our work on the other information undertaken during the course of the audit, we report that:

- we have not identified material misstatements in the directors' report;
- in our opinion, the information given in the directors' report is consistent with the financial statements; and
- in our opinion, the directors' report has been prepared in accordance with the Companies Act 2014.

Our opinions on other matters prescribed by the Companies Act 2014 are unmodified

We have obtained all the information and explanations which we consider necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

We have nothing to report on other matters on which we are required to report by exception

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures of directors' remuneration and transactions required by Sections 305 to 312 of the Act are not made. We have nothing to report in this regard.

Hong Kong Code on Unit Trusts and Mutual Funds

As set out in the introduction to the financial statements, in our view the financial statements materially comply with the relevant disclosure requirements of the Hong Kong Code on Unit Trusts and Mutual Funds in respect of the following sub funds, Barings Global Senior Secured Bond Fund, Barings Global High Yield Bond Fund, Barings Emerging Markets Sovereign Debt Fund, Barings USD Liquidity Fund and Barings Developed and Emerging Markets High Yield Bond Fund.

Respective responsibilities and restrictions on use

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set out on page 7, the directors are responsible for: the preparation of the financial statements including being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A fuller description of our responsibilities is provided on IAASA's website at:

<https://iaasa.ie/publications/description-of-the-auditors-responsibilities-for-the-audit-of-the-financial-statements/>.

Barings Umbrella Fund Plc

Independent Auditor's Report (continued)

For the financial year ended 31 December 2023

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Company's members, as a body, in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Barings Umbrella Fund Plc

Investment Managers' Reports

For the financial year ended 31 December 2023

Barings Global Senior Secured Bond Fund*

Performance

Barings Global Senior Secured Bond Fund* (the "Sub-Fund") generated a gross return of 14.11% on the Tranche G USD Distribution and over performed against the performance comparator with a return of 13.54%** during the reporting period. The Sub-Fund generated a net return of 12.59% on the Tranche G USD Distribution.

The global high yield bond market generated positive returns in 2023, despite periods of elevated market uncertainty. Credit spread compression contributed strongly to overall returns, and duration (interest rate sensitivity) was also a positive contributor, particularly in the fourth quarter which saw softening inflation prints, resilient economic data and dovish central bank policy expectations. While U.S. high yield markets over performed Europe in the fourth quarter, European high yield was the stronger performer over the full financial year. Modest new issuance combined with sizeable Rising Star activity also provided a favorable technical backdrop.

During the financial year ending 31 December 2023, the Sub-Fund over performed its performance comparator. Strong credit selection and an underweight allocation within the Double-B rated segment contributed to relative outperformance. Security selection in Energy, Basic Industry and Technology & Electronics were leading contributors to Sub-Fund's over performance on a sector level, while our underweight in Retail and weak credit selection in Leisure adversely impacted relative performance.

The Sub-Fund over performed its performance comparator in 2023. Since its inception in January 2011, the Sub-Fund has over performed (on a gross basis) its performance comparator.

Market & Outlook

Despite risks surrounding the direction of the global economy, high yield bond markets are well positioned to generate compelling total returns in the coming months. Heading into year-end, the prospect of the rate-hiking cycle nearing its end contributed to the tightening of credit spreads in fixed rate markets, including high yield bonds. However, even with this move in spreads, yield levels remain compelling in the asset class. Attractive yields and discounted prices, combined with a potentially less problematic economic backdrop, creates a supportive environment for attractive total returns in 2024. Furthermore, though the volume of defaults has increased in high yield credit markets, borrowing costs are at manageable levels as borrowers have remained prudent by utilizing supportive capital markets to refinance debt and push out maturities. Therefore, while defaults are certainly worth monitoring, we do not believe that they will materially offset the benefits of elevated yields.

Baring Asset Management Limited

Barings LLC

January 2024

*The Barings Global Senior Secured Bond Fund principally invests in sub-investment grade and/or unrated debt securities. The Sub-Fund's investment in senior secured debt securities does not guarantee repayment of the principal of investments by the investors.

**The Sub-Fund return uses the close New York prices, whereas the return of the performance comparator is calculated using global close prices.

Barings Umbrella Fund Plc

Investment Managers' Reports (continued)

For the financial year ended 31 December 2023

Barings European High Yield Bond Fund

Performance

Barings European High Yield Bond Fund (the "Sub-Fund") generated a gross return of 13.82% on the Tranche S EUR Accumulation and over performed against the performance comparator with a return of 12.11%* during the reporting period. The Sub-Fund generated a net return of 13.44% on the Tranche S EUR Accumulation.

The European High Yield Bond Market generated positive returns in 2023, despite periods of elevated market uncertainty. Credit spread compression contributed strongly to overall returns, and duration (interest rate sensitivity) was also a positive contributor, particularly in the fourth quarter which saw softening inflation prints, resilient economic data and dovish central bank policy expectations. European markets experienced some bifurcation across rating buckets in 2023, with Single-Bs performing the strongest, while lower rated credits delivered the weakest returns. Returns were positive across all sectors, except for Real Estate. New issuance activity decreased slightly during the fourth quarter of 2023, driven mostly by refinancing activity. The market saw a total of €43.0 billion of new deals priced for the financial year ending 31 December 2023, with Q2 representing the highest quarterly tally since the fourth quarter 2021.

During the financial year ending 31 December 2023, the Sub-Fund over performed its performance comparator. Strong credit selection across Double-B and Triple-C rated positions, and an overweight allocation across Single-B rated credits contributed to over performance. Security selection in Basic Industry, Technology & Electronics and Capital Goods, and an underweight allocation to Real Estate were leading contributors to Sub-Fund's over performance on a sector level.

The Sub-Fund over performed its performance comparator in 2023. Since its inception in May 2011, the Sub-Fund has over performed its performance comparator.

Market & Outlook

Despite risks surrounding the direction of the global economy, high yield bond markets are well positioned to generate compelling total returns in the coming months. Heading into year-end, the prospect of the rate-hiking cycle nearing its end contributed to the tightening of credit spreads in fixed rate markets, including high yield bonds. However, even with this move in spreads, yield levels remain compelling in the asset class. Attractive yields and discounted prices, combined with a potentially less problematic economic backdrop, creates a supportive environment for attractive total returns in 2024. Furthermore, though the volume of defaults has increased in high yield credit markets, borrowing costs are at manageable levels as borrowers have remained prudent by utilizing supportive capital markets to refinance debt and push out maturities. Therefore, while defaults are certainly worth monitoring, we do not believe that they will materially offset the benefits of elevated yields.

Baring Asset Management Limited

January 2024

*The Sub-Fund return uses the close New York prices, whereas the return of the performance comparator is calculated using global close prices.

Barings Umbrella Fund Plc

Investment Managers' Reports (continued)

For the financial year ended 31 December 2023

Barings Global High Yield Bond Fund

Performance

Barings Global High Yield Bond Fund (the "Sub-Fund") generated a gross return of 14.40% on the Tranche F USD Accumulation and over performed against the performance comparator with a return of 13.60%* during the reporting period. The Sub-Fund generated a net return of 14.31% on the Tranche F USD Accumulation.

The global high yield bond market generated positive returns in 2023, despite periods of elevated market uncertainty. Credit spread compression contributed strongly to overall returns, and duration (interest rate sensitivity) was also a positive contributor, particularly in the fourth quarter which saw softening inflation prints, resilient economic data and dovish central bank policy expectations. While U.S. high yield markets over performed Europe in the fourth quarter, European high yield was the stronger performer over the full year. Modest new issuance combined with sizeable Rising Star activity also provided a favorable technical backdrop.

During the financial year ending 31 December 2023, the Sub-Fund over performed its performance comparator. Strong credit selection and an underweight allocation across Double-B rated positions of the market contributed to over performance, while adverse credit selection in Triple-C rated positions had a modest negative impact to performance. Regionally, security selection in Europe was additive to relative performance. Security selection in Capital Goods and Technology & Electronics were leading contributors to Sub-Fund's over performance on a sector level, while security selection in Healthcare negatively impacted relative performance.

The Sub-Fund over performed its performance comparator in 2023. Since its inception in April 2012, the Sub-Fund has over performed its performance comparator.

Market & Outlook

Despite risks surrounding the direction of the global economy, high yield bond markets are well positioned to generate compelling total returns in the coming months. Heading into year-end, the prospect of the rate-hiking cycle nearing its end contributed to the tightening of credit spreads in fixed rate markets, including high yield bonds. However, even with this move in spreads, yield levels remain compelling in the asset class. Attractive yields and discounted prices, combined with a potentially less problematic economic backdrop, creates a supportive environment for attractive total returns in 2024. Furthermore, though the volume of defaults has increased in high yield credit markets, borrowing costs are at manageable levels as borrowers have remained prudent by utilizing supportive capital markets to refinance debt and push out maturities. Therefore, while defaults are certainly worth monitoring, we do not believe that they will materially offset the benefits of elevated yields.

Barings Umbrella Fund Plc

Investment Managers' Reports (continued)

For the financial year ended 31 December 2023

Barings Emerging Markets Corporate Bond Fund

Performance

Barings Emerging Markets Corporate Bond Fund (the "Sub-Fund") generated a gross return of 8.09% on the Tranche A USD Accumulation and underperformed against the performance comparator with a return of 9.08%* during the reporting period. The Sub-Fund generated a net return of 7.61% on the Tranche A USD Accumulation.

Emerging Markets ("EM") capped 2023 with a strongly positive performance across all segments of the market, following two years of negative returns. The monetary policy tightening that Central Banks implemented in 2021 became increasingly effective in the second half of 2023, reversing the path of inflation globally. Despite the most significant rate hiking cycle in over a decade, the U.S. economy stood out as growth remained well above expectations, especially when compared to the rest of the world. EM Central Banks have been consistently ahead of Developed Market ("DM") Central Banks in their monetary policy actions, including starting the rate hiking cycle in 2021 and with the initiation of an easing cycle as most EM Central Banks cut rates throughout 2023. DM Central Banks, by contrast, continued to hike rates through most of 2023. Q4 began on a challenging note in October as investors remained on the side lines amid rising geopolitical tensions emanating from the Israel-Hamas conflict. Markets fretted over the possibility of the conflict escalating to the broader region. Heading into November however with that conflict contained, markets began to price in Federal Reserve (the "Fed") rate cuts in 2024, sending markets soaring. In fact, the strong returns that were generated across the EM debt space in 2023 were mostly delivered in Q4 after Q3 erased much of the positive returns from the 1st half of the financial year due to concerns about the strong growth in the U.S. despite significant volatility, 10-year US Treasuries ended 2023 almost exactly where they started the year – at 3.87%.

Historical performance is no indicator of current or future performance. The performance data does not take into account any commissions and costs charged when subscribing and redeeming shares.

The Sub-Fund underperformed its performance comparator in 2023. Since its inception in April 2014, the Sub-Fund has underperformed its performance comparator.

Market & Outlook

While the backdrop for EM debt looks promising, there are a number of risks on the horizon that could introduce volatility going forward, and with more than half of the world headed to the polls in 2024, politics is chief among them. Somewhat ironically, the election that could cause the biggest disruption in emerging markets is the U.S. presidential election. Aside from the potential volatility in the lead-up to November, a scenario in which former President Donald Trump returns to office, for instance, could call into question a number of major international policies.

The U.S. economic cycle will also be a significant driver of emerging markets ("EM") debt in the year ahead and will likely resolve into a soft landing or mild recession. Resilient U.S. economic growth has surprised to the upside, perhaps because the U.S. is running one of the largest federal deficit increases in history. This environment is largely positive for fixed income investors, as higher yields currently on offer provide attractive income and return potential, while also buffering potential price declines. The price/capital appreciation potential is meaningful with the average EM investment grade ("IG") corporate bond price at 91.5 and the average duration of around five years should the Federal Reserve cut rates as expected in 2024.

As a \$2.5 trillion asset class, EM corporate debt has a compelling role to play in an asset allocator's playbook. With the lines between EM and DM blurring, investors may benefit from the diversity in asset selection with EM IG corporates offering exposure to highly-rated jurisdictions such as Singapore, Malaysia, and Abu Dhabi, with long duration profiles and higher spread per leverage than DM peers. Counter to conventional wisdom, 60% of EM corporate issuers are IG.

From the macroeconomic backdrop to the direction of monetary policy, there is much uncertainty clouding the outlook for the months and year ahead. Against this backdrop, the higher yields on offer in EM investment grade corporates, together with the higher quality of the market, lower duration risk, and solid fundamental backdrop present a compelling case for the asset class, particularly larger, IG-rated companies with strong market share, scale, healthy balance sheets, and pricing power. That said, active management and rigorous, bottom-up credit selection remain crucial to managing risks and identifying issuers that are better-positioned to navigate the uncertain environment.

Barings Emerging Markets Local Debt Fund

Performance

Barings Emerging Markets Local Debt Fund (the "Sub-Fund") generated a gross return of 15.90% on the Tranche A USD Accumulation and over performed against the performance comparator with a return of 12.70%* during the reporting period. The Sub-Fund generated a net return of 15.23% on the Tranche A USD Accumulation.

In 2023, EM debt returns were positive across asset classes following two years of negative returns. The monetary policy tightening that Central Banks have been implementing since 2021 became increasingly effective throughout 2023 in reversing the path of inflation globally. Despite the significant rate hikes and slowing of inflation, the U.S. economy stood out as growth remained well above expectations especially when compared to the rest of the world. EM Central Banks have been consistently ahead of DM Central Banks in their monetary policy actions, including starting the rate hiking cycle in 2021 and with the initiation of an easing cycle as most EM Central Banks cut rates throughout 2023. DM Central Banks, by contrast, continued to hike rates throughout 2023. It wasn't until November that markets priced in Fed rate cuts to come in 2024 sending markets soaring. In fact, the strong returns that were generated across the EM debt space in 2023 were mostly delivered in Q4 after Q3 erased much of the positive returns from the 1st half of the year given concerns about the strong growth in the U.S. Despite the volatility, 10-year US Treasurys ended 2023 almost exactly where they started the financial year – at 3.87%. The Dollar was moderately weaker during the financial year, adding 2.42% to the EM local market performance while local rates were the driving force behind the performance adding 10.28%.

Rates positioning positively contributed to the over performance of the Sub-Fund while FX positioning matched that of the performance comparator. Overweight positions in Hungary, Peru, Mexico and Czech Republic local rates were key contributors to performance as well as an underweight in Turkey local rates. Select distressed debt positions in the Sub-Fund were also meaningful contributors to performance including Sri Lanka which the Sub-Fund invested in post-default and Ukraine which are positions that have been in the Sub-Fund since before the Russian invasion of Ukraine. FX positioning in Colombia and Japan as well as underweight rates positions in Thailand and Poland were the leading detractors.

Historical performance is no indicator of current or future performance. The performance data does not take into account any commissions and costs charged when subscribing and redeeming shares.

The Sub-Fund over performed its performance comparator in 2023. Since its inception in April 2014, the Sub-Fund has over performed its performance comparator.

Market & Outlook

While the backdrop for EM debt looks promising, there are a number of risks on the horizon that could introduce volatility going forward and with more than half of the world headed to the polls in 2024, politics is chief among them. Somewhat ironically, the election that could cause the biggest disruption in emerging markets is the U.S. presidential election. Aside from the potential volatility in the lead-up to November, a scenario in which former President Donald Trump returns to office, for instance, could call into question a number of major international policies.

Aside from elections, there are continued unknowns around China, where the government's seeming move to more of an inward focus in addressing its economic stresses has changed the calculus for many EM countries. Escalating tensions in the Middle East and climate changes with the potential to upend global food supplies are further factors to watch. Against this backdrop, extensive credit-by-credit analysis and rigorous, bottom-up credit and country selection are critical to not only managing risks, but also identifying issuers that are better-positioned to navigate the coming months.

Investment Managers' Reports (continued)

For the financial year ended 31 December 2023

Barings Active Short Duration Fund

Performance

Barings Active Short Duration Fund (the "Sub-Fund") generated a gross return of 8.92% on the Tranche S USD Accumulation and over performed against the performance comparator with a return of 4.32%* during the reporting period. The Sub-Fund generated a net return of 8.68% on the Tranche S USD Accumulation.

The duration positioning of the Sub-Fund's portfolio detracted marginally from relative performance against the performance comparator. Portfolio duration currently stands at 0.5 years, vs 1.8 years for the benchmark index. The Sub-Fund's duration position was held shorter than the benchmark index duration for most of the reporting period (closer to 0.5 years), based on our long-standing rules-based approach to managing interest rate risk. The Sub-Fund continues to be managed with minimal interest rate exposure as a result of an inverted yield curve.

The Asset Backed Securities ("ABS") sector was a positive contributor to performance. The Sub-Fund continues to favor allocations across both consumer and commercial ABS sectors. ABS exposure was decreased marginally over the period ending with a weighting of 15%. The Sub-Fund also holds a 12% allocation to Residential Mortgage Backed Securities ("RMBS") and a 6% allocation to Commercial Mortgage Backed Securities ("CMBS"). Both of these allocations contributed positively to relative performance over the period.

The U.S. investment grade corporate credit allocation is approximately 37%, and the emerging market corporate hard currency allocation is approximately 6%. The Sub-Fund's allocation to investment grade corporate bonds contributed positively over the reporting period. Although the Sub-Fund may hold up to 10% in BB-rated high yield corporate credit, the Sub-Fund only holds 2% which was a positive contributor to relative performance over the period. The Sub-Fund uses derivative instruments for yield curve, duration, downside hedging, and to gain exposures. They may also be used as a substitute as a direct investment. In aggregate, these positions detracted from relative performance over the period.

The Sub-Fund over performed its performance comparator in 2023. Since its inception in November 2014, the Sub-Fund has over performed its performance comparator.

Market & Outlook

The market is now entering 2024 with the belief that inflation is contained, and this economy is coming in for a soft landing – and that very well may still be in the cards. While Corporate spreads may have ended the year inside a level of 100 basis points ("bps"), investors must not forget what an existential shock can produce if either economic data does not toe the line that is priced in, or we see an escalation of regional conflict. We begin the new year with approximately six US Fed rate cuts priced into the next twelve months which would certainly be a tailwind for credit. While the degree to which may still be unknown at this point, it is important to observe this as traditionally being an overly optimistic metric using recent history as a guide. While we are not necessarily taking a contrarian view of market predictions of economic conditions in 2024, we continue to adhere to a bottom-up fundamental approach to credit selection believing there will be ample opportunity to capture relative value across asset classes in the near term. In being mindful of deteriorating issuer and consumer fundamentals, we believe that avoiding hazardous credits will be just as important as identifying the best in class performing names in this environment.

Barings Emerging Markets Debt Blended Total Return Fund

Performance

Barings Emerging Markets Debt Blended Total Return Fund (the "Sub-Fund") generated a gross return of 11.22% on the Tranche A USD Accumulation during the reporting period. The Sub-Fund generated a net return of 10.83% on the Tranche A USD Accumulation.

In 2023, EM debt returns were positive across asset classes following two years of negative returns. The monetary policy tightening that Central Banks have been implementing since 2021 became increasingly effective throughout 2023 in reversing the path of inflation globally. Despite the significant rate hikes and slowing of inflation, the U.S. economy stood out as growth remained well above expectations especially when compared to the rest of the world. EM Central Banks have been consistently ahead of DM Central Banks in their monetary policy actions, including starting the rate hiking cycle in 2021 and with the initiation of an easing cycle as most EM Central Banks cut rates throughout 2023. DM Central Banks, by contrast, continued to hike rates throughout 2023. It wasn't until November that markets priced in Fed rate cuts to come in 2024 sending markets soaring. In fact, the strong returns that were generated across the EM debt space in 2023 were mostly delivered in Q4 after Q3 erased much of the positive returns from the 1st half of the year given concerns about the strong growth in the U.S. At the index level, EM local bonds returned 12.70%, EM Sovereigns returned 11.09% and EM Corporates returned 9.08%. The Dollar was moderately weaker during the financial year, adding 2.42% to the EM local market performance while local rates were the driving force behind the performance adding 10.28%. Hard currency Sovereign and Corporate performance was driven predominantly by tighter spreads in the high yield portion of the market. Despite the volatility, 10-year US Treasuries ended 2023 almost exactly where they started the financial year at 3.87%.

Local rates, EM Sovereigns and EM Corporates were all been additive to performance while FX detracted in 2023. Some top contributors include Brazil (mostly from local rates), Mexico (Corporates, Sovereigns, local rates and FX) and Sri Lanka (hard currency). Detractors include FX positions in Japan (long), Israel (long) and Switzerland (short).

Historical performance is no indicator of current or future performance. The performance data does not take account of any commissions and costs charged when subscribing and redeeming shares.

Market & Outlook

While the backdrop for EM debt looks promising, there are a number of risks on the horizon that could introduce volatility going forward, and with more than half of the world headed to the polls in 2024, politics is chief among them. Barings Emerging Markets Sovereign Debt Fund

Performance

Barings Emerging Markets Sovereign Debt Fund (the "Sub-Fund") generated a gross return of 13.02% on the Tranche A USD Accumulation and over performed the performance comparator with a return of 11.09%* during the reporting period. The Sub-Fund generated a net return of 12.64% on the Tranche A USD Accumulation.

In 2023, EM debt returns were positive across asset classes following two years of negative returns. The monetary policy tightening that Central Banks have been implementing since 2021 became increasingly effective throughout 2023 in reversing the path of inflation globally. Despite the significant rate hikes and slowing of inflation, the U.S. economy stood out as growth remained well above expectations especially when compared to the rest of the world. EM Central Banks have been consistently ahead of DM Central Banks in their monetary policy actions, including starting the rate hiking cycle in 2021 and with the initiation of an easing cycle as most EM Central Banks cut rates throughout 2023. DM Central Banks, by contrast, continued to hike rates throughout 2023. It wasn't until November that markets priced in Fed rate cuts to come in 2024 sending markets soaring. In fact, the strong returns that were generated across the EM debt space in 2023 were mostly delivered in Q4 after Q3 erased much of the positive returns from the 1st half of the year given concerns about the strong growth in the U.S. despite the volatility, 10-year US Treasurys ended 2023 almost exactly where they started the financial year at 3.87%.

Over performance was led by country selection where several high-conviction overweight countries have performed well year-to-date including Serbia, Sri Lanka and Romania. On the other hand, some countries have been detractors due to their surprising performance and our choice to avoid them such as Nigeria, Argentina and Pakistan; all of these are distressed debt cases who have seen their bond prices rally in 2023 in conjunction with the high yield portion of the market.

Historical performance is no indicator of current or future performance. The performance data does not take account of any commissions and costs charged when subscribing and redeeming shares.

The Sub-Fund over performed its performance comparator in 2023. Since its inception in September 2015, the Sub-Fund has over performed its performance comparator.

Market & Outlook

While the backdrop for EM debt looks promising, there are a number of risks on the horizon that could introduce volatility going forward, and with more than half of the world headed to the polls in 2024, politics is chief among them. Barings Umbrella Fund Plc

Investment Managers' Reports (continued)

For the financial year ended 31 December 2023

Barings U.S. High Yield Bond Fund

Performance

Barings U.S. High Yield Bond Fund (the "Sub-Fund") generated a gross return of 13.26% on the Tranche A USD Accumulation and underperformed against the performance comparator with a return of 13.44%* during the reporting period. The Sub-Fund generated a net return of 12.80% on the Tranche A USD Accumulation.

The U.S. high yield bond market generated positive total returns in 2023, despite periods of elevated market uncertainty. Continued resilience in macroeconomic data as well as corporate fundamentals, combined with moderating inflation throughout the financial year, drove strong absolute returns across high yield markets. Credit spread compression contributed strongly to overall returns, and duration (interest rate sensitivity) was also a positive contributor, particularly in the fourth quarter which saw softening inflation prints, resilient economic data and dovish central bank policy expectations. Over the full financial year, lower quality credits outperformed higher quality rated bonds. Modest new issuance combined with sizeable Rising Star activity also provided a favorable technical backdrop.

During the financial year ending 31 December 2023, the Sub-Fund underperformed its performance comparator. Adverse selection within Consumer Non-Cyclical and Other Financial contributed to relative underperformance, partially offset by strong selection within Capital Goods and Transportation. An underweight to Consumer Cyclical also detracted. Across ratings, an overweight position to Triple-B rated bonds detracted from performance; credit selection within the Triple-C rating segment also modestly detracted from performance. Credit selection in higher quality market segments contributed positively to relative performance. The Sub-Fund underperformed its performance comparator in 2023. Since its inception in February 2016, the Sub-Fund has underperformed its performance comparator.

Market & Outlook

Despite risks surrounding the direction of the global economy, high yield bond markets are well positioned to generate compelling total returns in the coming months. Heading into year-end, the prospect of the rate-hiking cycle nearing its end contributed to the tightening of credit spreads in fixed rate markets, including high yield bonds. However, even with this move in spreads, yield levels remain compelling in the asset class. Attractive yields and discounted prices, combined with a potentially less problematic economic backdrop, creates a supportive environment for attractive total returns in 2024. Furthermore, though the volume of defaults has increased in high yield credit markets, borrowing costs are at manageable levels as borrowers have remained prudent by utilizing supportive capital markets to refinance debt and push out maturities. Therefore, while defaults are certainly worth monitoring, we do not believe that they will materially offset the benefits of elevated yields.

Barings Umbrella Fund Plc

Investment Managers' Reports (continued)

For the financial year ended 31 December 2023

Barings Developed and Emerging Markets High Yield Bond Fund

Performance

Barings Developed and Emerging Markets High Yield Bond Fund (the "Sub-Fund") generated a gross return of 13.25% on the Tranche I USD Accumulation and over performed against the performance comparator with a return of 12.95%* during the reporting period. The Sub-Fund generated a net return of 12.21% on the Tranche I USD Accumulation.

The global high yield bond market generated positive returns in 2023, despite periods of elevated market uncertainty. Credit spread compression contributed strongly to overall returns, and duration (interest rate sensitivity) was also a positive contributor, particularly in the fourth quarter which saw softening inflation prints, resilient economic data and dovish central bank policy expectations. While U.S. high yield markets over performed Europe in the fourth quarter, European high yield was the stronger performer over the full financial year, while Emerging Markets high yield underperformed on a relative basis. Modest new issuance combined with sizeable Rising Star activity also provided a favorable technical backdrop.

During the financial year ending 31 December 2023, the Sub-Fund over performed its performance comparator. Strong credit selection Double-C and Triple-C rated positions, and an underweight allocation across Double-B rated credits contributed to over performance. Across sectors, credit selection in Energy, Leisure and Technology & Electronics were notable contributors to performance, whilst credit selection in Asian Real Estate positions adversely impacted performance. Regionally, security selection in Europe and Americas was additive to relative performance, offset by weak security selection in Asia.

Market & Outlook

Despite risks surrounding the direction of the global economy, high yield bond markets are well positioned to generate compelling total returns in the coming months. Heading into year-end, the prospect of the rate-hiking cycle nearing its end contributed to the tightening of credit spreads in fixed rate markets, including high yield bonds. However, even with this move in spreads, yield levels remain compelling in the asset class. Attractive yields and discounted prices, combined with a potentially less problematic economic backdrop, creates a supportive environment for attractive total returns in 2024. Furthermore, though the volume of defaults has increased in high yield credit markets, borrowing costs are at manageable levels as borrowers have remained prudent by utilizing supportive capital markets to refinance debt and push out maturities. Therefore, while defaults are certainly worth monitoring, we do not believe that they will materially offset the benefits of elevated yields.

* The amounts reflected are inclusive of all Funds in the Company, not just those marketed in Switzerland.

** This Sub-Fund merged into the Company on 2 December 2022. Amounts reported above are for the period from the date of merger. Non-cash assets amounting to US\$332,626,958 were transferred as part of the merger. Only the cash element has been included here.

The accompanying notes are an integral part of the financial statements.

Barings Umbrella Fund Plc

Notes to the Financial Statements

For the financial year ended 31 December 2023

1. Basis of Measurement

The financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”), the interpretations adopted by the International Accounting Standards Board (“IASB”) as adopted by the European Union (“EU”) and in accordance with Irish statute comprising the Companies Act, 2014 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended) and under the CBI (Supervision & Enforcement) Act 2013 (Section 48(1) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019, (together, the “UCITS Regulations”).

The preparation of financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of policies and the reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of the revision and future years if the revision affects both current and future years.

These financial statements of the Company were prepared on the going concern basis.

The registered number of the Company is 491487.

2. Material accounting policies

(a) New standards, amendments and interpretations issued and effective for the financial year beginning 1 January 2023

The following new and amended standards and interpretations are not expected to have a material impact on the Company's financial statements:

- IFRS 17: Insurance Contracts.
- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2).
- Definition of Accounting Estimates (Amendments to IAS 8).
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12).

There are no other new standards, amendments or interpretations issued and effective for the financial year beginning 1 January 2023 that have a material impact on the Company's financial position, performance or disclosures in its financial statements.

(b) New standards, amendments and interpretations issued but not effective for the financial year beginning 1 January 2023 and not early adopted

The following new and amended standards and interpretations are not expected to have a material impact on the Company's financial statements:

- Classification of Liabilities as Current or Non-Current (Amendments to IAS 1).
- Lease Liability in a Sale and Leaseback (Amendments to IFRS 16).
- Disclosure of Supplier Finance Arrangements (Amendments to IAS 7 and IFRS 7).
- Lack of Exchangeability (Amendments to IAS 21).

There are no other standards, amendments or interpretations to existing standards that are not yet effective that would be expected to have a material impact on the Company.

(c) Foreign currency translation

Functional and presentation currency

The Company's financial statements are presented in US Dollars (“US\$”) which is the functional currency (the “functional currency”). The functional currency is the currency of the primary economic environment in which the entity operates. The Directors believe that US\$ most faithfully represents the economic effects of the underlying transaction events and conditions. The functional currency of all the Sub-Funds is US\$ with the exception of EHYB which is Euro (€).

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

2. Material accounting policies (continued)

(c) Foreign currency translation (continued)

Transactions and balances

Transactions in foreign currencies are translated at the foreign currency exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated to US\$ at the foreign currency closing exchange rate ruling at the Statement of Financial Position date. Foreign currency exchange differences arising on translation and realised gains and losses on disposals or settlements of monetary assets and liabilities are recognised in the Statement of Comprehensive Income.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value through profit or loss are translated to US\$ at the foreign currency exchange rates ruling at the dates that the values were determined.

Foreign currency exchange differences relating to derivative financial instruments are included in net gain/(loss) on derivatives. All other foreign currency exchange differences relating to monetary items, including cash and cash equivalents are included in the net gain/(loss) on foreign exchange in the Statement of Comprehensive Income. Foreign exchange gains/(losses) on financial assets at fair value through profit or loss are included in realised gain/(loss) on investments in the Statement of Comprehensive Income.

The combined financial statements of the Company are measured in the currency of the primary economic operating environment in which the Company operates, which is the US\$. For the purpose of producing the Combined Statement of Financial Position of the Company, the Statements of Financial Position of the individual Sub-Funds are translated into US\$ using exchange rates as at 31 December 2023 and accumulated for in the preparation of the combined financial statements.

For the purpose of producing the combined Statement of Comprehensive Income and the combined Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares from the accounts of the individual Sub-Funds, average exchange rates are used. The difference arising from the translation of the primary financial statements at different exchange rates, for the purpose of producing the combined financial statements, is included as a foreign currency translation adjustment in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares. This notional adjustment does not have any impact on the NAV of any individual Sub-Fund in its base currency. For the financial year ended 31 December 2023 this adjustment* amounted to US\$17,933,859 (31 December 2022: US\$(34,044,509)).

*The amounts reflected are inclusive of all Funds in the Company, not just those marketed in Switzerland.

(d) Financial assets and financial liabilities

(i) Recognition and initial measurement

Financial assets and financial liabilities are initially recognised at fair value through profit or loss ("FVTPL") on the Company's Statement of Financial Position on the trade date, which is the date on which the Company becomes a party to the contractual provisions of the instrument. Other financial assets and financial liabilities are recognised at the date they are originated. From this date any gains and losses arising from changes in fair value of the financial assets or financial liabilities are recorded in the Statement of Comprehensive Income.

A financial asset or financial liability is measured initially at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately, while on other financial instruments they are amortised.

(ii) Classification and subsequent measurement

(a) Classification of financial assets

On initial recognition, the Company classifies financial assets as measured at amortised cost or FVPTL.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVPTL:

- It is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- Its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI").

All other financial assets of the Company are measured at FVTPL.

Business model assessment

In making an assessment of the objective of the business model in which a financial asset is held the Company considers all of the relevant information about how the business is managed, including:

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

2. Material accounting policies (continued)

(d) Financial assets and financial liabilities (continued)

(ii) Classification and subsequent measurement (continued)

(a) Classification of financial assets (continued)

Business model assessment (continued)

- The documented investment strategy and the execution of this strategy in practice. This includes whether the investment strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- How the performance of the portfolio is evaluated and reported to the Company's management;
- The risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- How the investment manager is compensated: e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- The frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

The Company has determined that it has two business models:

- Held-to-collect business model: this includes cash and cash equivalents, amounts due from brokers, receivable for fund shares sold, receivable for management fee reimbursement, receivable for investments sold, interest receivable and other debtors. These financial assets are held to collect contractual cash flow.
- Other business model: this includes debt securities (except financial assets held by the money market fund – see below), equity investments, investments in unlisted open-ended investment funds and unlisted private equities. These financial assets are managed and their performance is evaluated, on a fair value basis, with frequent sales taking place.

Assessment whether contractual cash flows are SPPI

For the purpose of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are SPPI, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- Contingent events that would change the amount or timing of cash flows;
- Leverage features;
- Prepayment and extension features;
- Terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features); and
- Features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition unless the Company were to change its business model for managing financial assets, in which case all affected financial assets would be reclassified on the first day of the first reporting period following the change in the business model.

(b) Subsequent measurement of financial assets

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income and expense and foreign exchange gains and losses, are recognised in the Statement of Comprehensive Income.

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. Interest income, if any, would be recognised in income from financial assets at fair value through profit or loss. Foreign exchange gains and losses are recognised in net gain/loss on foreign exchange in the Statement of Comprehensive Income. Any impairment and gain or loss on derecognition is also recognised in profit or loss.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

2. Material accounting policies (continued)

(d) Financial assets and financial liabilities (continued)

(ii) Classification and subsequent measurement (continued)

(b) Subsequent measurement of financial assets (continued)

Cash and cash equivalents, amounts due from brokers, receivable for fund shares sold, receivable for management fee reimbursement, receivable for investments sold, interest receivable and other debtors are included in this category.

(c) Financial liabilities – Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL.

A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Financial liabilities at FVTPL:

- Held-for-trading: derivative financial instruments.

Financial liabilities at amortised cost:

- This includes amounts due to brokers, payable for fund shares purchased, payable for investments purchased, other payables and accrued expenses, capital gains tax payable and redeemable participating shares.

(iii) Fair value measurement principles

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Sub-Funds have access to at that date. The fair value of a liability reflects its non-performance risk.

The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives and trading securities) are based on quoted market prices at the close of trading on the financial year-end date. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If a quoted price is not available from a recognised market, or is unrepresentative in the opinion of the Directors or their delegate, such a security shall be valued, by estimating with care and in good faith the probable realisation value of the investment, by the Directors or their delegate or a competent person, which may be the Investment Managers (appointed by the Directors and each approved for the purpose by the Depositary) or valued at the probable realisation value estimated with care and in good faith by any other means, provided that the value is approved by the Depositary.

The value of any security, including debt and equity securities which is not normally quoted, listed or traded on or under the rules of a recognised exchange will be determined in accordance with the above provisions or obtained from an independent pricing source (if available).

The fair value of derivatives that are not exchange traded is estimated at the amount that the Company would receive or pay to terminate the contract, at the Statement of Financial Position date, taking into account current market conditions (volatility, appropriate yield curve) and the current creditworthiness of the counterparties.

(iv) Amortised cost measurement principles

The 'amortised cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any loss allowance.

(v) Impairment

IFRS 9 requires an impairment assessment to be carried out on its financial assets. The Directors have assessed that impairment does not apply to financial assets classified as fair value through profit or loss. The Directors consider the probability of default to be close to zero, as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised in the financial statements based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Company.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

2. Material accounting policies (continued)

(d) Financial assets and financial liabilities (continued)

(vi) Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition in accordance with IFRS 9.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expired. The Company uses the average cost method to determine realised gains and losses on derecognition.

(vii) Forward foreign currency exchange contracts

Forward foreign currency exchange contracts are recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at their fair value. All forwards are carried as assets when fair value is positive and as liabilities when fair value is negative. Any changes in fair value are recognised in the Statement of Comprehensive Income.

The fair value of forwards that are not exchange traded is estimated at the amount that the Company would receive or pay to terminate the contract at the year end date taking into account current market conditions and the current creditworthiness of the counterparties.

The unrealised gain or loss on open forward foreign currency exchange contracts is calculated as the difference between the contract price and the forward price as at financial year end.

(viii) Futures contracts

Futures contracts are commitments either to purchase or sell a designated financial instrument, currency, commodity or an index at a specified future date for a specified price and may be settled in cash or another financial asset. Futures are standardised exchange traded contracts. Initial margin requirements for futures are met in cash or other instruments, and changes in the futures contract values are settled daily. Futures are measured initially at fair value on the date on which the derivative contract is entered into and subsequently remeasured at fair value. Futures contracts have little credit risk because the counterparties are futures exchanges. Any changes in fair value are recognised in the Statement of Comprehensive Income.

(ix) Interest rate swaps

Interest rate swaps ("IRSs") are used for trading purposes. IRSs are measured initially at fair value on the date on which the derivative contract is entered into and subsequently remeasured at fair value. Any changes in fair value are recognised in the Statement of Comprehensive Income. Fair values are obtained from counterparties or from quoted market prices in active markets, including recent market transactions, and from valuation techniques using discounted cash flow models and option pricing models as appropriate. IRSs are included in assets when the fair value is positive, and in liabilities when the fair value is negative.

(x) Credit default swaps

In a credit default swap ("CDS"), one party makes payments to another party in exchange for the right to receive a specified return (or to put a security) if a credit event (e.g. default or a similar event) occurs with respect to a reference entity or entities. The Company may use credit default swaps contracts to provide a measure of protection against defaults of sovereign or corporate issues (i.e. to reduce risk where the Sub-Fund owns or has exposure to the issuer) or to take an active long or short position with respect to the likelihood of a particular issuer's default. The maximum exposure the Company has in selling credit protection is equal to the notional amount of such CDS contracts. CDS's are measured initially at fair value on the date on which the derivative contract is entered into and subsequently remeasured at fair value.

For CDSs on asset-backed securities, a credit event may be triggered by various occurrences, which may include an issuer's failure to pay principal, maturity extension, rating downgrade or write-down. For CDS contracts on corporate or sovereign issuers, a credit event may be triggered by occurrences such as an issuer bankruptcy, failure to pay interest or principal, repudiation/moratorium and/or restructuring. Any changes in fair value are recognised in the Statement of Comprehensive Income.

(xi) Currency swaps

A currency swap is an IRS in which the cash flows are in different currencies. Upon initiation of a currency swap, the counterparties make an initial exchange of notional principals in the two currencies. During the life of the currency swap, each party pays interest (in the currency of the principal received) to the other. At the maturity of the currency swap, the parties make a final exchange of the initial principal amounts, reversing the initial exchange at the same spot rate.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

2. Material accounting policies (continued)

(d) Financial assets and financial liabilities (continued)

(xii) Options

Options are derivative financial instruments that give the buyer, in exchange for a premium payment, the right but not the obligation to either purchase from (call option) or sell to (put option) the writer a specified underlying instrument at a specified price on or before a specified date. Daily fluctuations in the value of the option contract are recorded for financial reporting purposes as unrealised gains or losses by the Funds and are recorded as a realised gain or loss when the position is closed.

The best evidence of fair value of a derivative at initial recognition is the transaction price. Subsequent changes in the fair value of any derivative instrument are recognised immediately in the Statement of Comprehensive Income.

(xiii) Swaptions

Swaptions are options that grant the right, with no obligation, to enter into an underlying swap (see below) on pre-agreed terms. When a swaption is exercised, the treatment of the premium is determined by the type of swaption. For purchased put and written call swaptions, the premium is included with the proceeds from the sale of the underlying swap in determining the realised gain or loss. For purchased call and written put swaptions, the premium is included in determining the initial fair value of the swap purchased. Premiums paid/received from the purchase/sale of swaptions which expire unexercised are treated as realised losses and gains respectively.

(xiv) Cash and cash equivalents

Cash comprises current deposits with banks. Cash equivalents are short-term highly liquid investments that are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes. Cash and cash equivalents are measured at amortised cost.

Amounts due from/(due to) brokers represents cash due from and to brokers and cash collateral.

(e) Income

(i) Income from financial assets at fair value through profit or loss

Coupon income on financial assets at fair value through profit or loss is included in the Statement of Comprehensive Income. Income not yet received is included in interest receivable in the Statement of Financial Position. Income which suffers a deduction of tax at source is shown gross of withholding tax. Non-recoverable withholding tax and capital gains tax are disclosed separately in the Statement of Comprehensive Income.

(ii) Bank interest and interest expense

Bank interest and interest expense is recognised on an effective interest method and includes interest income and expense from cash and cash equivalents. Bank interest income and expense are included in other income and bank interest in the Statement of Comprehensive Income, respectively. Bank interest income not yet received is included in other receivable in the Statement of Financial Position on an accruals basis.

(f) Expenses

All expenses, including management fees, administration fees and depositary fees, are recognised in the Statement of Comprehensive Income on an accruals basis.

(g) Taxation

The Company is an investment undertaking within the meaning of Section 739B of the Taxes Consolidation Act, 1997 and therefore is not chargeable to Irish tax on its relevant income or relevant gains other than on the occurrence of a chargeable event. The Company is resident for tax purposes in Ireland as it is centrally managed and controlled in Ireland.

Distributions of income and capital gains and interest on securities issued in countries other than Ireland may be subject to taxes including withholding taxes imposed by such countries. The Company may not be able to benefit from a reduction in the rate of withholding tax by virtue of the double taxation treaties in operation between Ireland and other countries.

Tax may arise for the Company ("Appropriate Tax") on the happening of a "Chargeable Event" in the Company. A Chargeable Event includes any payments to shareholders by the Company in respect of their shares or any encashment, redemption, cancellation or transfer of shares. On the happening of a Chargeable Event, the Company will deduct the Appropriate Tax on any payment made to the shareholder in respect of the Chargeable Event. On the occurrence of a Chargeable Event where no payment is made, the Company may appropriate or cancel the required number of shares to meet the tax liability.

A Chargeable Event also includes a deemed disposal by a shareholder of their shares at the end of a "relevant period". A relevant period means a period of eight years beginning with the acquisition of the shares and each subsequent period of eight years beginning immediately after the preceding relevant period.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

2. Material accounting policies (continued)

(g) Taxation (continued)

In accounting for uncertainties in income tax, the Investment Manager applies a policy which is based upon the probability and materiality of a tax liability or refund crystallising if the manager were to realise all assets and wind up the fund T+0. The principals of our policy are detailed below.

- If there is a high probability of a tax position arising which represents a material value or devaluation of the investors interest then the manager will accrue for this in the balance sheet.
- If there is a low probability of a tax position arising, but the position would have a material effect on the value of the investors interests, the manager will provide a disclosure in the financial statements so as to ensure that investors are aware of the value at risk to their investment.
- If there is a low probability of a tax position arising and the position would not have a material effect on the value of the investors interests then the manager will not accrue for this in the balance sheet or make a disclosure in the financial statements.

The Prospectus, dated 1 September 2023, provides a more detailed description of the taxation provisions relating to the Company.

(h) Redeemable participating shares

All redeemable participating shares issued by the Company provide the investors with the right to require redemption for cash at the value proportionate to the investor's share in the relevant Sub-Fund's net assets at the redemption date. In accordance with IAS 32, such instruments give rise to a financial liability for the present value of the redemption amount on the reporting date. Please refer to Note 5 of these financial statements for further details and for details on the swing pricing.

(i) Distributions

Both distribution tranche shares and accumulation tranche shares are available in respect of the active Sub-Funds.

Distribution Shares

The Company intends to declare distributions out of the net investment income and, at the discretion of the Directors, net realised and unrealised capital gains of the Sub-Fund attributable to the distribution tranche shares on or about the last day of each calendar quarter, with the exception of tranche G shares, which distribute on or about the last day of each calendar month. Such distributions will be paid to the shareholders of distribution tranche shares of record of the Sub-Fund within 10 Business Days thereof.

Each distribution declared by the Sub-Fund, on the outstanding shares of the Sub-Fund will, at the election of each shareholder, be paid in cash or in additional shares of the Sub-Fund. This election should initially be made on a shareholder's subscription agreement and may be changed upon written notice to the Sub-Fund at any time prior to the record date for a particular distribution. If no election is made, all dividend distributions will be paid in the form of additional shares. Such reinvestment will be made at the NAV per share of the Sub-Fund as of the dealing day in respect of which such distributions are paid.

Upon the declaration of any distributions to the holders of shares of the Sub-Fund, the NAV per share of the distribution shares of the Sub-Fund will be reduced by the amount of such distributions. Payment of the distributions shall be made as indicated on a shareholder's subscription agreement, as amended from time to time, to the address or account indicated on the register of shareholders.

Any distribution paid on a share of the Sub-Fund that has not been claimed within six years of its declaration shall be forfeited and shall be paid for the benefit of the relevant Sub-Fund. No interest shall be paid on any distribution. Distributions paid during the financial year ended 31 December 2023 and financial year ended 31 December 2022 are detailed in Note 8 of these financial statements.

Accumulation Shares

The Directors do not currently intend to declare any distributions in respect of the accumulation shares. Accordingly, net investment income on the Sub-Fund's investments attributable to the accumulation shares is expected to be retained by the Sub-Fund, which will result in an increase in the NAV per share of the accumulation shares.

The Directors nevertheless retain the right to declare distributions in respect of such net investment income on the Sub-Fund's investments attributable to the accumulation tranche shares in their sole discretion. In the event that the Directors have agreed to declare distributions in respect of the accumulation tranche shares in a Sub-Fund, shareholders will be notified in advance of any such change in the distribution policy (including the date by which distributions will be paid and the method by which distributions will be paid) and full details will be disclosed in an updated Supplement.

Distributions are recognised in the Statement of Comprehensive Income as finance costs when they are authorised and no longer at the discretion of the relevant Sub-Fund.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

2. Material accounting policies (continued)

(j) Transaction costs

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. An incremental cost is one that would not have been incurred if the entity had not acquired, issued or disposed of the financial instrument. When a financial asset or financial liability is recognised initially, an entity shall measure it at its fair value through profit or loss plus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

Transaction costs on the purchase and sale of bonds are included in the purchase and sale price of the investment. They cannot be practically or reliably gathered as they are embedded in the cost of the investment and cannot be separately verified or disclosed. Transaction costs charged by the Depositary on the settlement of purchases and sales of investments are included in operating expenses in the Statement of Comprehensive Income for each Sub-Fund. These costs are separately identifiable and are disclosed in Note 9 of these financial statements.

(k) Offsetting Financial Instruments

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

3. Cash and cash equivalents

Cash and cash equivalents are held with the Depositary, State Street Custodial Services (Ireland) Limited. State Street Corporation, the parent company of the Depositary, had a Standard & Poor's credit rating of A as at 31 December 2023 (31 December 2022: A).

4. Amounts due to/from broker

Swap collateral is held by the following counterparties with the following publicly quoted credit ratings as per Standard & Poor's at 31 December 2023 and 31 December 2022:

	Public rating 31 December 2023	Public rating 31 December 2022
Bank of America	A+	A+
Barclays Bank	A+	A
BNP Paribas	A+	A+
Citibank	A+	A+
Goldman Sachs	A+	A+
HSBC Bank	A+	A+
JP Morgan	A+	A+
Morgan Stanley	A+	A+
State Street Bank and Trust Co.	AA-	AA-

The table below provides a breakdown of the Sub-Funds with amounts due from broker, due to broker and cash collateral for the financial year ended 31 December 2023:

					DEMHYB Fund 31 December 2022 US\$**	Total* 31 December 2022 US\$	
Cash due from broker					-	46,381,991	
Cash collateral					3,100,000	50,521,833	
Cash due to broker					-	(17,628,669)	
Cash collateral					(2,610,000)	(32,153,000)	

* The amounts reflected are inclusive of all Funds in the Company, not just those marketed in Switzerland.

** This Sub-Fund merged on 2 December 2022.

5. Redeemable participating shares

The authorised maximum share capital of the Company is 500,000,000,000 shares of no par value.

The minimum issued share capital of the Company shall be 300,002 represented by 300,002 subscriber shares of no par value issued for €1 each. As at the financial year end, two subscriber shares of €1 each were in issue, with one subscriber share each being legally and beneficially owned by Barings (U.K.) Limited and Barings LLC. The subscriber shares do not form part of the NAV of the Company and are thus disclosed in the financial statements by way of this note only.

The issued redeemable share capital is at all times equal to the net assets attributable to holders of redeemable participating shares. Redeemable participating shares are redeemable at the shareholders' option and are classified as financial liabilities.

Each of the shares entitles the holder to attend and vote at meetings of the Company and of the Sub-Funds represented by those shares. Each shareholder shall be entitled to such number of votes as shall be produced by dividing the aggregate NAV of that shareholder's shareholding (expressed or converted in base currency, calculated as of the relevant record date and excluding, where appropriate, the impact of any tranche currency hedging) by one. Where a separate written resolution or general meeting of a particular tranche is held, in such circumstances, the shareholder's votes shall be calculated by reference only to the NAV of each shareholder's shareholding in that particular tranche, as appropriate. The subscriber shares entitle the shareholders holding them to attend and vote at all meetings of the Company, but do not entitle the holders to participate in the dividends or net assets of any Sub-Fund.

The Company's capital is represented by the redeemable participating shares outstanding.

Shareholders may request that shares of a Sub-Fund be redeemed on any dealing day by completing and submitting a redemption application to the Administrator to arrive no later than the redemption cut-off time in order to be effective on a dealing day.

A dealing day is deemed to be each business day (unless the determination of the NAV of the Sub-Fund has been suspended for the reasons specified in the Prospectus and provided that if the day is a business day other than one which is as defined in the relevant Supplement, the Company will provide advance notice of this fact to all Shareholders in the Sub-Fund), or any other day which the Directors have determined, subject to advance notice to all shareholders in the Sub-Fund and provided there is at least one dealing day per fortnight.

Swing pricing is applied to a Sub-Fund once net subscriptions or redemptions for a Sub-Fund relating to a Sub-Fund's NAV for a given dealing day is determined by the Administrator to exceed certain predetermined percentage thresholds. In calculating the swing pricing, the NAV of a Sub-Fund is swung by a "swing factor", the Directors may, in respect of net redemptions, adjust downward the NAV per Share and may also, in respect of net subscriptions, adjust upward the NAV per Share.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

5. Redeemable participating shares (continued)

In addition, the calculation of such prices and the amount of such adjustment may take into account any provision for the estimated market spreads, duties and charges and other dealing costs related to the adjustment or disposal of investments and to preserve the value of the underlying assets of the relevant Sub-Fund. The Directors' intention is only to exercise this discretion to preserve the value of the holdings of the continuing shareholders in the event of substantial or recurring net redemptions or subscriptions of Shares in the relevant Sub-Fund. If the NAV of a Sub-Fund is swung on a specific dealing day the official price for a Sub-Fund will be the derived swing price. In addition, all dealing activity for this dealing day will be dealt at the swing price. Swing pricing applied to a Sub-Fund during the financial year is recognised within the share transactions figure on the Statement of Changes in Net Assets Attributable to Redeemable Participating Shareholders. As at 31 December 2023 and 31 December 2022, no swing pricing was applied to the Sub-Funds.

The Sub-Funds operate equalisation in relation to the Distribution Tranche Shares. A Shareholder who has purchased Distribution Tranche Shares during a distribution period will receive a dividend made up of (a) income which has accrued from the date of purchase; and (b) capital which represents the return of the equalisation element calculated by the Administrator on behalf of the Sub-Fund. The effect is that income is distributed to Shareholders in proportion to the duration of their ownership of the Distribution Tranche Shares in the relevant distribution period.

Equalisation is included in Issue of redeemable participating shares during the financial year and Redemption of redeemable participating shares during the financial year, in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

A summary of the shareholder activity during the current year and the previous year is detailed hereunder:

9. Significant agreements and fees

Investment Managers

The Company has appointed Baring Asset Management Limited, an investment management company incorporated in the United Kingdom and Barings LLC, an investment management company incorporated in the United States as Investment Managers to all Sub-Funds with the exception of the USL Fund whose investment manager is Barings LLC, only.

The following note refers to the Investment Managers but does not distinguish between them. The Investment Managers' fees will accrue daily and be payable monthly in arrears.

The Investment Management fee percentages per annum of each Sub-Fund's NAV relevant to the particular share tranche are shown in the table below.

Investment Manager's fees* of US\$56,060,081 (31 December 2022: US\$52,982,602) have been charged for the financial year ended 31 December 2023, of which US\$4,712,471 (31 December 2022: US\$4,279,810) was still outstanding as at 31 December 2023. The Investment Manager's fees and the balance outstanding for each Sub-Fund is disclosed in the Statement of Comprehensive Income and Note 6 of these financial statements, respectively.

As part of the investment management agreement, certain expenses of the Sub-Funds are capped at 20 bps of the net assets attributable to holders of redeemable participating shares, with the exception of ASD Fund which is capped at 10 bps, thus resulting in an expense reimbursement from the Investment Managers. A management fee reimbursement of US\$85,114 (31 December 2022: US\$95,356) has been charged for the financial year ended 31 December 2023, of which US\$12,749 (31 December 2022: US\$2,907) was still outstanding as at 31 December 2023. The management fee reimbursement for the financial year and the balance outstanding at the financial year end for each Sub-Fund is disclosed in the Statement of Comprehensive Income and Statement of Financial Position respectively.

*The amounts reflected are inclusive of all Funds in the Company, not just those marketed in Switzerland.

Distributors

The Company has appointed Barings (U.K.) Limited, Barings Australia Pty Limited, Barings Securities LLC, Baring Asset Management Limited, Baring International Fund Managers (Ireland) Limited, Baring SICE (Taiwan) Limited, Baring France SAS, Baring Asset Management Switzerland S.a.r.l., Baring Asset Management (Asia) Limited, Barings International Investment Limited and Barings LLC as Distributors.

Tranche N Distributor fees rate is 0.70% for all Sub-Funds, with exception of EMDSD Fund and ASD Fund for which rate is 0.60%.

Distributor fees* of US\$1,050,839 (31 December 2022: US\$791,801) have been charged for the financial year ended 31 December 2023, of which US\$102,888 (31 December 2022: US\$78,633) was still outstanding as at 31 December 2023.

*The amounts reflected are inclusive of all Funds in the Company, not just those marketed in Switzerland.

Administration, Depositary and Operating fees

The aggregate fees and expenses of the Administrator and Depositary which shall accrue daily and be payable monthly in arrears out of the assets of the Sub-Funds will not exceed 0.20%, (except for ASD Fund which will not exceed 0.10%) per annum of the NAV of the relevant Sub-Fund as detailed in the relevant Supplement of the Prospectus. Please refer to the Investment Manager's disclosure above for actions taken if the combined expenses are above or below 0.20% or 10% per annum of the NAV of the relevant Sub-Fund.

Administrator fees* of US\$4,659,771 have been charged for the financial year ended 31 December 2023 (31 December 2022: US\$4,832,565), of which US\$458,239 was still outstanding as at 31 December 2023 (31 December 2022: US\$417,418).

Depositary fees* of US\$482,823 have been charged for the financial year ended 31 December 2023 (31 December 2022: US\$558,245), of which US\$63,399 is still outstanding as at 31 December 2023 (31 December 2022: US\$76,086).

*The amounts reflected are inclusive of all Funds in the Company, not just those marketed in Switzerland.

Directors' fees

Directors' fees* of US\$71,758 (31 December 2022: US\$66,572) have been charged for the financial year of which US\$5,622 is still outstanding as at 31 December 2023 (31 December 2022: US\$6,326). All of these fees were emoluments in respect of services to the Company. The Directors' fees for each Sub-Fund are disclosed in Note 7 of these financial statements. The listing of the members of the Board is shown on page 2.

*The amounts reflected are inclusive of all Funds in the Company, not just those marketed in Switzerland.

Auditor fees

The table below provides a breakdown of the total fee (inclusive of out of pocket expenses) exclusive of VAT accrued to the statutory auditor during the financial year ended 31 December 2023 and 31 December 2022.

	Company Total* 31 December 2023 US\$	Company Total* 31 December 2022 US\$
Statutory audit fee	(286,371)	(314,384)
Tax advisory services	(43,764)	(39,853)
	(330,135)	(354,237)

*The amounts reflected are inclusive of all Funds in the Company, not just those marketed in Switzerland.

Transaction costs

The table below provides a breakdown of the Sub-Funds that incurred transaction costs on the purchase and sale of investments during the financial year ended 31 December 2023 and 31 December 2022:

Sub-Fund	31 December 2023	31 December 2022
GSSB Fund	-	US\$25
GHYB Fund	US\$10	US\$3,964
EMLD Fund	US\$400,755	US\$40,170
ASD Fund	US\$21,285	US\$62,009
EMDBTR Fund	US\$80,643	US\$20,135
EMSD Fund	US\$95,146	US\$110,757
USHYB Fund	-	US\$391
DEMHYB Fund*	US\$1,237	-

*This Sub-Fund merged on 2 December 2022.

Due to operational challenges in extracting the transaction costs on the purchase and sale of forward foreign currency exchange contracts, transaction costs on these instruments cannot be identified separately in this note. Purchases and sales transaction costs are included in "Realised gain/(loss) on investments" in the Statement of Comprehensive Income.

10. Related party transactions

Investment by Ultimate Parent of the Investment Manager

Massachusetts Mutual Life Insurance Company (the ultimate parent company of Barings (U.K.) Limited and Barings LLC) held the following percentage of shares in issuance in the Sub-Funds at 31 December 2023 and 31 December 2022:

Sub-Fund	Ultimate Parent	31 December 2023	31 December 2022
EMCB Fund	Massachusetts Mutual Life Insurance Company	-	52.89%
USHYB Fund	Massachusetts Mutual Life Insurance Company	-	40.85%

During the financial year ended 31 December 2023 investments with a fair value of USD 68,540,081 were transferred from USHYB Fund to Massachusetts Mutual Life Insurance Company at fair value as part of an in-specie redemption.

Investment by the Investment Manager

Barings LLC held the following percentage of shares in issuance in the Sub-Funds at 31 December 2023 and 31 December 2022:

GHYB Fund	Baring SICE (Taiwan) Limited	2.47%	1.66%

Investment by other related parties - affiliated entities

At 31 December 2023, Barings Global High Yield Bond Private Fund held 0.21% (31 December 2022: 0.44%) of the shares in issuance of the Barings Global High Yield Bond Fund.

At 31 December 2023, Barings Global High Yield Bond Private Fund 2 held 0.24% (31 December 2022: 0.22%) of the shares in issuance of the Barings Global High Yield Bond Fund.

At 31 December 2023, Barings Global High Yield Bond Private Fund 3 holds 1.24% (31 December 2022: 1.22%) of the shares in issuance of the Barings Global High Yield Bond Fund.

At 31 December 2023, Barings Global High Yield Bond Private Fund 5 holds 13.43% (31 December 2022: 9.23%) of the shares in issuance of the Barings Global High Yield Bond Fund.

Cross investments within the Company

At 31 December 2023 and 31 December 2022, there were no cross investments between any of the Sub-Funds.

Transactions with entities with significant influence

Subscriber Shares

Barings (U.K.) Limited and Barings LLC each own one subscriber share in the Company.

Directors' relationships

Mr. Julian Swayne, who resigned as a Director of the Company with effect from 4 August 2023, was an employee of Baring Investment Services Limited. Mr. Alan Behen and Mr. Paul Smyth are employees of the Manager and are also directors of the Manager.

For the financial year ended 31 December 2023 and 31 December 2022, these Directors waived their Directors' fees. While these Directors don't receive fees from the Company directly for their role as Directors, they are paid through their employment with Barings LLC, its subsidiaries and the Manager. The Investment Managers receive fees as outlined in Note 9 of these financial statements. The remaining Directors earned Directors' fees as outlined in Notes 7 and Note 9 of these financial statements.

Transactions

The following related party transactions took place with other funds managed by the Investment Managers whereby the Sub-Funds within the Company bought assets from other funds managed by the Investment Managers. These transactions were not within the umbrella of the Company and therefore they were not eliminated on consolidation.

Trade details during the financial year ended 31 December 2023:	Purchases Trade Value	Sales Trade Value
GSSB Fund	US\$7,643,388	US\$787,696
EHYB Fund	€455,778	€177,005

On 2 December 2022, Barings Developed and Emerging Markets High Yield Bond Fund, a sub-fund of Barings Global Umbrella Fund, an umbrella fund constituted as a unit trust established pursuant to the Unit Trusts Act, 1990, and authorised by the Central Bank as a UCITS under the Regulations, merged into the Company. The Merger was undertaken in order to simplify Barings' fund offering and improve the client experience.

11. Financial risk management

In accordance with IFRS 7 Financial Instruments: Disclosure, this note details the way in which the Company manages risks associated with the use of financial instruments.

The Sub-Funds of the Company are exposed to a variety of financial risks in pursuing their stated investment objectives and policies. These risks include, but are not limited to, credit risk, liquidity risk and market risk (which in turn includes foreign currency risk, interest rate risk and market price risk). The Sub-Funds assume exposure to these risks to generate investment returns on their portfolios, although these risks can also potentially result in a reduction in the Sub-Funds' net assets.

The Investment Managers will use their best endeavours to minimise the potentially adverse effects of these risks on the Sub-Funds' performance where it can do so, while still managing the investments of the Sub-Funds in a way that is consistent with the Sub-Funds' investment objectives and policies. Asset selection, asset allocation and cash management are determined by the Investment Managers who manage the distribution of the assets to achieve the investment objectives. The composition of the portfolios are monitored by the Investment Managers on an intraday basis.

The investment objectives of the Sub-Funds are disclosed in the Prospectus and in the introduction to the financial statements. The risks, and the measures adopted by the Sub-Funds for managing these risks, are detailed below.

The nature and extent of the financial instruments outstanding at the Statement of Financial Position date and the risk management policies employed by the Company are discussed below. These policies have remained substantially unchanged since the beginning of the financial year to which these financial statements relate.

The Sub-Funds' investment portfolios comprise of debt instruments that they each intend to hold for an indefinite period of time. The Sub-Funds also maintain positions in derivative financial instruments, for the purpose of efficient portfolio management.

Market risk

Market risk embodies the potential for both losses and gains and includes foreign currency risk, interest rate risk and price risk, which are discussed in detail under separate headings within this note.

The Sub-Funds' exposure to market risk is that the value of assets will generally fluctuate with, among other things, general economic conditions, the condition of certain financial markets, international political events, developments or trends in any particular industry and the financial condition of the issuers of the bonds that the Sub-Funds invest in.

The Sub-Funds' market risk is managed on a daily basis by the Investment Managers in accordance with policies and procedures in place. The Sub-Funds' overall market positions are reported to the Board on a quarterly basis.

As the majority of the financial instruments are carried at fair value through the profit or loss, all changes in market conditions will directly impact the net assets of the Sub-Funds.

Foreign currency risk

Foreign currency risk is defined in IFRS 7 as the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. This risk arises on financial instruments that are denominated in a currency other than the functional currency in which they are measured.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

11. Financial risk management (continued)

Foreign currency risk (continued)

Forward foreign currency exchange contracts are entered into by the GSSB Fund, GHYB Fund, EMCB Fund, EMLD Fund, EMDSD Fund, ASD Fund, EMDBTR Fund, EMSD Fund, USHYB Fund and DEMHYB Fund to hedge non-US\$ denominated assets back into US\$, the Sub-Funds' base currency. The Investment Managers have appointed State Street Bank Europe Limited to implement and manage this FX process. The Investment Managers regularly review such positions to ensure that they are in line with the Sub-Funds' investment policies.

The Sub-Funds are exposed to foreign currency risk, as assets and liabilities of the Sub-Funds may be denominated in a currency other than the functional currencies of the Sub-Funds, which is Euro and US Dollar. The fluctuations in the rate of exchange between the currency in which the asset or liability is denominated and the functional currency could result in an appreciation or depreciation in the fair value of those assets and liabilities. The Investment Managers are permitted but not obliged to use hedging techniques to attempt to offset market and foreign currency risk.

Foreign exchange transactions and other currency contracts may also be used to provide protection against exchange risks or to actively overlay currency views onto the Sub-Funds' currency exposure resulting from investing in foreign markets. Such contracts may, at the discretion of the Investment Managers, be used to hedge some or all of the foreign currency risk arising as a result of the fluctuation between the denominated currency of the Sub-Funds and the currencies in which the Sub-Funds' investments are denominated, or to pursue an active currency overlay strategy.

A Sub-Fund may (but is not obliged to) enter into certain currency-related transactions in order to hedge the currency exposure of the assets of a Sub-Fund attributable to a particular tranche into the currency of denomination of the relevant tranche. Any financial instruments used to implement such strategies with respect to one or more tranche shall be assets/liabilities of a Sub-Fund as a whole but will be attributable to the relevant tranche(s), and the gains/losses on, and the costs of, the relevant financial instruments will accrue solely to the relevant tranche.

Any currency exposure of a tranche may not be combined with or offset against that of any other tranche of a Sub-Fund. The currency exposure of the assets attributable to a tranche may not be allocated to other tranches. A tranche will not be leveraged as a result of currency hedging transactions, so that the use of such hedging instruments shall in no case exceed 100% of the NAV attributable to the relevant tranche of a Sub-Fund.

In accordance with the Company's policy, the Investment Managers monitor the Sub-Funds' currency exposures on a daily basis and reports regularly to the Board of the Company, which reviews the information provided by the Investment Managers on any significant exposures at its periodic meetings.

The following tables set out each Sub-Fund's exposure to foreign currency risk and the net exposure to foreign currencies of the monetary assets and liabilities as at 31 December 2023.

GSSB Fund:

	Financial assets at fair value through profit or loss US\$	Cash and cash equivalents US\$	Other assets* and liabilities US\$	Derivatives** US\$	Net exposure US\$	% of Net Assets

*Other assets and liabilities comprised mainly of trade receivables and payables and net assets attributable to holders of redeemable participating shares.

**The forward foreign currency exchange contracts are held for both portfolio and share tranche hedging purposes.

Sensitivity analysis

The below currency sensitivity analysis information is a relative estimate of risk and is not intended to be a precise and accurate number. The calculations are based on historical data. Future rate movements and correlations between currencies could vary significantly from those experienced in the past.

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

11. Financial risk management (continued)

Foreign currency risk (continued)

Sensitivity analysis (continued)

At 31 December 2023, had the exchange rate between the US Dollar or Euro and other currencies increased or decreased by 5% (31 December 2022: 5%) with all other variables held constant, the increase or decrease in the value of the net assets attributable to holders of redeemable participating shares would be as follows:

Interest rate risk

This risk is defined as the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This risk arises on financial instruments whose fair value or future cash flows are affected by changes in interest rates. The Company is exposed to interest rate risk through the fixed income portion of its assets.

Interest rate risks are managed by the Investment Managers, whose management of interest rate risk is monitored through regular performance reviews with senior managers as well as through monthly peer reviews of the Sub-Funds' positioning held with senior managers.

All other financial assets and financial liabilities held by the Sub-Funds, with the exception of cash at bank balances and overdrawn cash, are not directly exposed to interest rate risk. The Sub-Funds are exposed to interest rate risk on the interest earned on their cash and bank balances and paid on overdrawn cash. This exposure is not considered to be significant.

Sensitivity analysis

The below interest rate sensitivity analysis information is a relative estimate of risk and is not intended to be a precise and accurate number. The calculations are based on historical data. Future interest rate movements could vary significantly from those experienced in the past.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

11. Financial risk management (continued)

Interest rate risk (continued)

Sensitivity analysis (continued)

Based on the portfolios' composition as at 31 December 2023, the corresponding (decrease)/increase in net assets attributable to holders of redeemable participating shares, from an increase/(decrease) in average interest rates would be as follows:

Interest rate change %	GSSB Fund 31 December 2023 % Effect on NAV	EHYB Fund 31 December 2023 % Effect on NAV	GHYB Fund 31 December 2023 % Effect on NAV	USHYB Fund 31 December 2023 % Effect on NAV	DEMHYB Fund 31 December 2023 % Effect on NAV
-1.00%	+2.78%	+3.13%	+3.26%	+3.44%	+3.17%
-1.50%	+4.17%	+4.70%	+4.89%	+5.16%	+4.75%
-2.00%	+5.56%	+6.26%	+6.52%	+6.88%	+6.33%
Interest rate change %	GSSB Fund 31 December 2023 % Effect on NAV	EHYB Fund 31 December 2023 % Effect on NAV	GHYB Fund 31 December 2023 % Effect on NAV	USHYB Fund 31 December 2023 % Effect on NAV	DEMHYB Fund 31 December 2023 % Effect on NAV
+1.00%	-2.78%	-3.13%	-3.26%	-3.44%	-3.17%
+1.50%	-4.17%	-4.70%	-4.89%	-5.16%	-4.75%
+2.00%	-5.56%	-6.26%	-6.52%	-6.88%	-6.33%

Based on the portfolios' composition as at 31 December 2022, the corresponding (decrease)/increase in net assets attributable to holders of redeemable participating shares, from an increase/(decrease) in average interest rates would be as follows:

Interest rate change %	GSSB Fund 31 December 2022 % Effect on NAV	EHYB Fund 31 December 2022 % Effect on NAV	GHYB Fund 31 December 2022 % Effect on NAV	USHYB Fund 31 December 2022 % Effect on NAV	DEMHYB Fund 31 December 2022 % Effect on NAV
-1.00%	+3.08%	+3.65%	+4.12%	+4.13%	+4.26%
-1.50%	+4.62%	+5.47%	+6.17%	+6.20%	+6.39%
-2.00%	+6.15%	+7.30%	+8.23%	+8.27%	+8.52%
Interest rate change %	GSSB Fund 31 December 2022 % Effect on NAV	EHYB Fund 31 December 2022 % Effect on NAV	GHYB Fund 31 December 2022 % Effect on NAV	USHYB Fund 31 December 2022 % Effect on NAV	DEMHYB Fund 31 December 2022 % Effect on NAV
+1.00%	-3.08%	-3.65%	-4.12%	-4.13%	-4.26%
+1.50%	-4.62%	-5.47%	-6.17%	-6.20%	-6.39%
+2.00%	-6.15%	-7.30%	-8.23%	-8.27%	-8.52%

Accordingly, an increase/decrease of 200 bps in average interest rates as at the reporting date would have decreased/increased the net assets attributable to holders of redeemable participating shares by:

Fund	31 December 2023	31 December 2022
GSSB Fund	US\$90,877,976	US\$84,646,938
EHYB Fund	€36,343,637	€34,673,369
GHYB Fund	US\$169,903,960	US\$143,909,712
USHYB Fund	US\$3,450,294	US\$10,568,282
DEMHYB Fund	US\$19,777,762	US\$28,608,851

Managing interest rate benchmark reform and associated risks

A fundamental reform of IBOR benchmarks was triggered by the Financial Conduct Authority and was undertaken globally, leading to their replacement with alternative nearly risk-free rates (referred to as 'IBOR reform'). Publication of 24 of the 35 IBOR settings ceased from 1 January 2022 and risk-free rates like Sterling Overnight Index Average ("SONIA") and Secured Overnight Financing Rate ("SOFR") benchmarks were the replacement. The Sub-Funds were exposed to IBOR benchmarks through investments in fixed income and loan securities, derivatives and other interest-bearing assets.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

11. Financial risk management (continued)

Interest rate risk (continued)

Managing interest rate benchmark reform and associated risks (continued)

The fallback language review for IBOR reform in respect of GBP was completed in Q4 2021, with GBP LIBOR assets transitioning to SONIA in all cases. The transition occurred before the first post-LIBOR interest rate payment date in the first half of 2022. The GBP LIBOR assets held by the Sub-Funds all matured in the same timeframe and no GBP LIBOR assets remained after June 2022.

The Sub-Funds assessment of whether a change to an amortised cost financial instrument was substantial, was made after applying the practical expedient introduced by IBOR reform Phase 2. The Sub-Funds updated the effective interest rate, without modifying the carrying amount of the financial instrument when the basis for determining the contractual cash flows of the financial instrument, measured at amortised cost, changed as a direct consequence from the reform and if the change was economically equivalent to the previous basis (i.e. the basis immediately before the change).

As at 31 December 2022, the Sub-Funds remaining IBOR exposure was indexed to USD LIBOR. In March 2021 the FCA agreed to extend the life of USD LIBOR to 30 June 2023. At the same time the Alternative Reference Rates Committee ("ARRC") proposed updated language for legislation addressing the IBOR transition, which served as a model for legislation that was enacted by the states of New York and Alabama. On 29 July 2021 the House Committee on Financial Services voted to further the "Adjustable Interest Rate (LIBOR) Act of 2021" ("H.R. 4616"). These two pieces of legislation applied to contracts that lacked clearly defined fallback provisions and offered these assets a process to fall back to SOFR.

In effect this created two USD LIBOR transition categories: assets with strong fallback transition language which fell back to a contractually agreed non-LIBOR reference rate and assets with weak fallback transition language, which fell back to SOFR under the Safe Harbour provision.

As at 31 December 2022, the fallback language review for IBOR reform in respect of USD was completed, with USD LIBOR assets transitioning to SOFR in all cases. The transition itself occurred before the first post-LIBOR interest rate payment date prior to the 30 June 2023 deadline.

As a result of the Safe Harbour provision, the AIFM ceased its reviews of fallback language, as it assessed fallback risk rating as no longer relevant. As at 31 December 2023, all USD LIBOR assets had completed the transition to SOFR.

Price risk

Market price risk is defined as the risk that the fair value of a financial instrument or its future cash flows will fluctuate because of changes in market prices.

The Sub-Funds' assets consist principally of bonds, equity instruments, investment funds, futures, options, forward foreign currency exchange contracts and swaps. The values of these instruments are determined by market forces, and there is accordingly a risk that market prices can change in a way that is adverse to the Sub-Funds' performance. These financial instruments are carried at fair value in the Statement of Financial Position. For certain other financial instruments, including other debtors, receivable for management fee reimbursement, accounts payable and accrued expenses, the carrying amounts approximate fair value due to the immediate or short-term nature of these financial instruments. The Sub-Funds have adopted a number of investment restrictions, which are set out in the Company's Prospectus, which limit the exposure of the Sub-Funds to adverse changes in the price of any individual financial asset.

In accordance with the Sub-Funds' policies, the Investment Managers monitor the Sub-Funds' positions on a daily basis and reports regularly to the Board of Directors of the Manager, which reviews the information on the Sub-Funds' overall market exposures provided by the Investment Managers at its periodic meetings.

The Investment Managers use three techniques to help in the risk management process: monitoring of compliance and quantitative limits, prevention of limit breaches and trade monitoring. These techniques allow the Investment Managers to ensure that the Sub-Funds remain in compliance with the restrictions in the Prospectus and with the undertakings for the UCITS Regulations by which the Sub-Funds are governed.

In addition, the Investment Managers manages the exposure of the portfolio to the risk of adverse changes in the general level of market prices, as determined by market forces, through adhering to its formal risk management process, which includes the use of systems and technology to monitor overall market and position risk on a daily basis.

The maximum risk arising from an investment (except for derivatives) is determined by the fair value of the financial instruments. The overall market exposures and concentration of risk can be seen in the Schedule of Investments and Statement of Financial Position of each Sub-Fund.

* The amounts reflected are inclusive of all Funds in the Company, not just those marketed in Switzerland.

GSSB Fund 31 December 2022 US\$63,955,202	EHYB Fund 31 December 2022 €21,567,137	GHYB Fund 31 December 2022 US\$81,868,032	EMCB Fund 31 December 2022 US\$4,367,648	EMLD Fund 31 December 2022 US\$84,767,590		
EMDSD Fund 31 December 2022 US\$9,272,377	ASD Fund 31 December 2022 US\$12,407,131	EMDBTR Fund 31 December 2022 US\$26,678,097	EMSD Fund 31 December 2022 US\$52,459,073	USHYB Fund 31 December 2022 US\$6,250,825	DEMHYB Fund 31 December 2022 US\$15,680,596	Company Total* 31 December 2022 US\$397,572,346

* The amounts reflected are inclusive of all Funds in the Company, not just those marketed in Switzerland.

Credit Risk

This is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. This includes counterparty risk and issuer risk. In relation to the Company, it can arise from receivables due from another party, placing deposits with other entities, purchases of debt securities and entering into derivative contracts.

The Sub-Funds minimise concentrations of credit risk by undertaking transactions with a large number of counterparties. The Company's Prospectus and the UCITS regulations list various investment restrictions with regard to issuer and counterparty concentration limits and minimum counterparty credit ratings.

Issuer risk is associated with transacting in exchange traded debt securities and is monitored by use of credit ratings. For Sub-Funds investing in debt securities, the investment objective and policy provides details of the credit rating restrictions imposed on that Sub-Fund.

The Sub-Funds' credit risk concentration is spread between a number of issuers. At 31 December 2023, the top ten holdings in the Company represented 7.42% (31 December 2022: 8.72%) of the Company's assets.

The carrying amounts of financial assets best represent the maximum credit risk exposure at the financial year end date. The Investment Managers through their investment strategy will endeavour to avoid losses relating to defaults on the underlying assets. In-house research is used to identify asset allocation opportunities amongst various fixed income asset classes and to take advantage of episodes of market mispricing. The Sub-Funds may utilise different financial instruments to seek to hedge against declines in the value of the Sub-Fund's positions as a result of changes in currency exchange rates. The Sub-Funds are exposed to credit risk associated with the counterparties to the forward foreign currency exchange contracts with whom it trades and will also bear the risk of settlement default.

Credit risk arising on transactions with brokers relates to transactions awaiting settlement. The Sub-Funds monitor the credit rating and financial positions of the brokers used to mitigate this risk. The Investment Managers also monitor the settlement process on a regular basis.

At the reporting date, the Sub-Funds' financial assets exposed to credit risk are as follows:

	GSSB Fund	EHYB Fund	GHYB Fund	EMCB Fund	EMLD Fund	EMDSD Fund
	31 December 2023 US\$	31 December 2023 €	31 December 2023 US\$	31 December 2023 US\$	31 December 2023 US\$	31 December 2023 US\$

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

11. Financial risk management (continued)

Credit Risk (continued)

Substantially all of the assets of the Sub-Funds (including cash) are held by the Depositary, State Street Custodial Services (Ireland) Limited. Bankruptcy or insolvency of the Depositary may cause the Sub-Funds' rights with respect to securities held by the Depositary to be delayed or limited. The Sub-Funds monitor their risk by monitoring the credit quality and financial positions of the Depositary. The long-term credit rating of State Street Corporation, the parent company of the Depositary was A1 as at 31 December 2023 (31 December 2022: A1). The Sub-Funds' assets and cash are maintained within the Depositary's custodial network in segregated accounts. The Depositary will ensure that any agent it appoints to assist in safekeeping the assets of the Sub-Funds will segregate these assets. Thus, in the event of insolvency or bankruptcy of the Depositary, the Sub-Funds' assets are segregated and protected and this further reduces counterparty risk.

The Sub-Funds' Investment Managers analyse credit concentration based on the counterparty, industry and geographical location of the financial assets that the Sub-Funds hold. The Sub-Funds' financial assets exposed to credit risk were concentrated in the following industries:

	GSSB Fund 31 December 2023	EHYB Fund 31 December 2023	GHYB Fund 31 December 2023	EMCB Fund 31 December 2023	EMLD Fund 31 December 2023	EMDSD Fund 31 December 2023

Credit risk also incorporates counterparty risk which covers the likelihood of a counterparty failing which would principally arise on transactions with brokers that are awaiting settlement. Risk relating to unsettled transactions is considered small due to the approval process of the brokers used and an active settlement process employed from the outset by the Investment Managers.

At 31 December 2023 the Sub-Funds' financial assets exposed to credit risk were concentrated in the following geographical areas:

	GSSB Fund 31 December 2023 % of Market Value	EHYB Fund 31 December 2023 % of Market Value	GHYB Fund 31 December 2023 % of Market Value	EMCB Fund 31 December 2023 % of Market Value	EMLD Fund 31 December 2023 % of Market Value	EMDSD Fund 31 December 2023 % of Market Value

None of the financial assets and financial liabilities are offset in the Statement of Financial Position. Certain financial assets and financial liabilities are subject to an enforceable master netting arrangement or similar agreement that covers similar financial instruments. While the terms and conditions of these agreements may vary, all transactions under any such agreement constitute a single contractual relationship. Each party's obligation to make any payments, deliveries or other transfers in respect of any transaction under such an agreement may be netted against the other party's obligations under such agreement. A default by a party in performance with respect to one transaction under such an agreement would give the other party the right to terminate all transactions under such agreement and calculate one net amount owed from one party to the other. The following tables present information about the offsetting of derivative instruments.

The Company further mitigates its counterparty credit risk on certain derivative transactions by exchanging collateral in the form of stock or cash with certain counterparties with which it trades under ISDA documentation. Stock collateral is held with State Street Custodial Services (Ireland) Limited, but does not form part of the Sub-Funds' NAV at 31 December 2023. The value of collateral pledged by the various counterparties is disclosed at the end of each Sub-Funds' Schedule of Investments. Cash collateral received by the Sub-Funds is reflected as an asset and liability in relevant Sub-Fund's Statement of Financial Position. The Company has not re-pledged either stock or cash collateral for any other use.

The counterparties to the over the counter forward foreign currency exchange contracts had a Standard and Poor's credit rating as at 31 December 2023 as follows: Bank of America: A+ (31 December 2022: A+), Barclays Bank: A+ (31 December 2022: A), BNP Paribas: A+ (31 December 2022: A+), Citibank: A+ (31 December 2022: A+), Goldman Sachs: A+ (31 December 2022: A+), HSBC Bank: A+ (31 December 2022: A+), JP Morgan: A+ (31 December 2022: A+), Morgan Stanley: A+ (31 December 2022: A+), National Australia Bank: AA- (31 December 2022: AA-) and State Street Bank and Trust Company: AA- (31 December 2022: AA-).

The counterparties to the swap contracts had a Standard and Poor's credit rating as at 31 December 2023 as follows: Bank of America: A+ (31 December 2022: A+), BNP Paribas: A+ (31 December 2022: A+), Citibank: A+ (31 December 2022: A+), Goldman Sachs: A+ (31 December 2022: A+), JP Morgan: A+ (31 December 2022: A+) and Morgan Stanley: A+ (31 December 2022: A+).

The broker for the open futures contracts is Morgan Stanley which is rated A+ by Standard and Poor's (31 December 2022: A+).

The brokers for the options contracts is Bank of America which is rated A+ by Standard and Poor's (31 December 2022: A+).

Liquidity risk

Liquidity risk is defined as the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

The Sub-Funds are exposed to daily cash redemptions of shares; however, the Board is entitled, with the approval of the Depositary, to limit the number of shares of any tranche realised on any dealing day to 10% of the total number of shares of that tranche in issue. There are also a number of circumstances where the Board may, with the approval of the Depositary, temporarily suspend the right of shareholders to require the realisation of shares of any tranche and/or may delay the payment of any monies in respect of any such realisation.

The Sub-Funds invest the majority of their assets in securities and other instruments that are traded on an active market and which are considered to be liquid, as they can be readily disposed of in the event that cash needs to be raised to meet redemptions or to pay expenses.

In accordance with the Sub-Funds' policies, the Investment Managers monitor the Sub-Funds' liquidity on a daily basis and reports regularly to the Board, which reviews the information provided by the Investment Managers on significant exposures at its periodic meetings. The Sub-Funds have agreed to a temporary overdraft facility (if required) with the Depositary to allow for temporary timing/matching differences on trades and subscriptions and redemptions.

In addition, there is a risk associated with the ability of the Sub-Funds to redeem out of the underlying investments in order to meet those redemptions. The investment fund positions held at 31 December 2023 are not exposed to any gates, redemption terms and or any lockup conditions (31 December 2022: same).

As at 31 December 2023 and 31 December 2022, the Sub-Funds' liabilities as disclosed on the Statement of Financial Position were all due within one to three months, with the exception of forward foreign currency exchange contracts and options contracts, which are due within one year and swap contracts, which are due within one year and more than one year period.

Global Exposure

Risk monitoring of Global Exposure is detailed in Note 12 of these financial statements.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

11. Financial risk management (continued)

Fair value hierarchy

In accordance with IFRS 13 the Company classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements.

The fair value hierarchy has the following levels:

- Level 1 - Quoted market price in an active market for an identical instrument.
- Level 2 - Valuation techniques based on observable inputs. This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for similar instruments in markets that are considered less than active; or other valuation techniques where all significant inputs are directly or indirectly observable from market data.
- Level 3 - Valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation technique includes inputs not based on observable data and the unobservable inputs could have a significant impact on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments where significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement.

If a fair value measurement uses observable inputs that require significant adjustment based on observable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes observable requires significant judgement by the Company. The Company considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market. Single broker quotes and Investment Manager priced assets are classified as Level 2 holdings because the inputs into the price supplied by the brokers and Investment Managers are observable, for example, rate yield, industry classification and credit rating. The Investment Managers review the prices independently received as single broker quotes and ensures that they are in line with expectations.

The following tables analyse within the fair value hierarchy the Sub-Funds' financial assets and liabilities measured at fair value at 31 December 2023:

GSSB Fund	Level 1 US\$	Level 2 US\$	Level 3 US\$	Total Fair Value US\$

The Company's Level 3 investments have been valued using unadjusted inputs that have not been internally developed by the Company which involved using single broker quotations for these securities.

The Company determines the fair value for corporate bond instruments using independent, unadjusted indicative broker quotes. A broker quote is generally not a binding offer. The categorisation of corporate bond instruments is dependent if the broker quotes reflect actual current market conditions, or if they are indicative prices based on brokers valuation models, depending on the significance and observability of the inputs to the model.

For corporate bond instruments that have been categorised as Level 2, fair value has been determined using independent broker quotes based on observable inputs. If it could not be verified that the valuation is based significantly on observable inputs, then the investments would fall into Level 3.

The Company considers observable data to be that market data that is readily available, regularly distributed or updated, reliable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

DEMHYB Fund	Warrants	US\$119,686	Broker Quotes	60.45	60.45

Sensitivity of Level 3 assets measured at fair value to changes in assumptions

The results of using reasonably possible alternative assumptions for valuing the Level 3 assets may result in the fair value estimate and recoverability of the assets being subject to uncertainty and a range of possible outcomes are likely. Such differences, if any, may have a material effect on the overall portfolio as at 31 December 2023 or as at 31 December 2022.

If the value of Level 3 securities increased/(decreased)* by 5%, the effect on the Company's NAV would be US\$4,649,205 (31 December 2022: US\$4,896,806).

*The amounts reflected are inclusive of all Funds in the Company, not just those marketed in Switzerland.

Transfers between levels of the fair value hierarchy are deemed to have occurred at the end of the six month period and are deemed to have occurred when the pricing source or methodology used to price an investment has changed which triggers a change in level as defined under IFRS 13. There were transfers from Level 2 to Level 3 at the six month period end as shown in the reconciliation above.

For each class of assets and liabilities not measured at fair value in the Statement of Financial Position but for which fair value is disclosed, IFRS 13 requires the Company to disclose the level within the fair value hierarchy which the fair value measurement would be categorised and a description of the valuation technique and inputs used in the technique.

Cash and cash equivalents include deposits held with banks and other short-term investments in an active market and they are categorised as Level 1. Cash held at broker (including positive cash collateral) and cash due to broker (including negative cash collateral) are categorised as Level 2.

Receivable for investments sold and other receivables include the contractual amounts for settlement of trades and other obligations due to the Company. Payable for investments sold and other payables represent the contractual amounts and obligations due by the Company for settlement of trades and expenses. All receivable and payable balances are categorised as Level 2.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

11. Financial risk management (continued)

Fair value hierarchy (continued)

Sensitivity of Level 3 assets measured at fair value to changes in assumptions (continued)

The puttable value of redeemable participating shares is calculated based on the net difference between total assets and all other liabilities of each Sub-Fund within the Company in accordance with the Company's offering memorandum. A demand feature is attached to these shares, as they are redeemable at the holders' option and can be put back to the Sub-Funds at any dealing date for cash equal to a proportionate share of the Sub-Fund's NAV attributable to the share tranche. The fair value is based on the amount payable on demand. As such, Level 2 is deemed to be the most appropriate categorisation for net assets attributable to holders of redeemable participating shares, as they are largely based on inputs other than quoted market prices included within Level 1 that are observable either directly or indirectly.

ESG Integration

The Investment Managers integrate ESG ("Environmental Social & Governance") information into the investment process across all asset classes. Through fundamental analysis, the Investment Managers seek to gain a comprehensive understanding of the factors that influence the sustainability of investments. The Investment Manager consider ESG information alongside other crucial variables that may impact an investment's risks and returns over time. In particular, the Investment Managers consider ESG criteria in relation to specific industry and sector trends and characteristics to identify the risks of an investment. Once invested, the Investment Managers continue to monitor each investment to ensure their thesis, including that on ESG matters, remains intact and that an investment's risk and return profile remains attractive relative to other opportunities available in the market. Sustainability risks that the Investment Managers may consider are environmental, social or governance events or conditions that, if they occur, could cause an actual or a potential material negative impact on the value of the investment, examples of which include physical environmental risks, transition risk (e.g. investee company assets losing their financial value because of tightening of environmental legislation) or liability risk (e.g. risk of liability due to a breach of human/employee rights considering the jurisdiction of the investee company).

All Sub-Funds integrate ESG into their investment process but the following Sub-Funds will also promote ESG by investing or seeking to positively influence practices to improve ESG characteristics and have been brought into scope of Article 8 of the Sustainable Finance Disclosure Regulation ("SFDR") and can be categorised as "Light Green" ESG products:

- Barings Global Senior Secured Bond Fund
- Barings European High Yield Bond Fund
- Barings Global High Yield Bond Fund
- Barings Emerging Markets Local Debt Fund
- Barings Emerging Markets Corporate Bond Fund
- Barings Emerging Markets Debt Short Duration Fund
- Barings Active Short Duration Fund
- Barings Emerging Markets Sovereign Debt Fund
- Barings U.S. High Yield Bond Fund

Please refer to the Prospectus for further details on ESG integration. Third-party data and research form one input to the Investment Managers ESG integration and stewardship work. While third-party data providers, peer research, or direct interactions with companies and stakeholders may be used to inform the Investment Managers ESG scoring and analysis, greater importance is placed on the Investment Managers own fundamental, qualitative, and quantitative analysis and research.

The Investment Manager's dedicated data governance team performs quality checks on internal and third-party ESG data. The team runs data quality checks on monthly reported portfolio-level data, where outliers are flagged based on month-over-month changes and further research is done at the holdings level to determine the cause of change. The team also runs monthly data quality checks on internal data. The Investment Managers portfolio solutions and analytics team also supports data governance efforts by providing several quality checks to validate the completeness of the proprietary ESG scores. These checks may include checking ESG score values, monitoring changes in updated scores, and whether scores have been updated in a timely fashion.

The investments underlying the other Sub-Funds do not take into account the EU criteria for environmentally sustainable economic activities.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

12. Efficient Portfolio Management

Each of the Sub-Funds may use Financial Derivative Instruments (“FDIs”) for efficient portfolio management. The efficient portfolio management purposes for which the Company intends to employ FDIs are reduction of risk, reduction of cost and the generation of additional capital or income for the relevant Sub-Fund with an appropriate level of risk, taking into account the risk profile of the Sub-Fund and the general provisions of the UCITS Regulations. The Company may use various types of derivatives for these purposes, including, without limitation, forwards, futures, options, swaps (including but not limited to total return swaps, credit default swaps, swaptions and IRSs) and contracts for differences for these purposes.

The foreign currency risk that exists to investors in the non-base currency share tranches is mitigated by a share tranche hedging programme.

During the financial year the Company entered into forward foreign currency exchange contracts, futures contracts, interest rate swaps, credit default swaps and cross currency swaps for efficient portfolio management purposes. Forward foreign currency exchange contracts are entered into by GSSB Fund, EHYB Fund, GHYB Fund, EMCB Fund, EMLD Fund, EMDSD Fund, ASD Fund, EMDBTR Fund, EMSD Fund, USHYB Fund and DEMHYB Fund to hedge non-US\$ denominated assets back to US\$, the Sub-Funds’ base currency. Forward foreign currency exchange contracts are entered into by EHYB Fund to hedge non-€ denominated assets back into €, the Sub-Funds’ base currency. EMLD Fund, EMDBTR Fund and EMSD Fund use forward foreign currency exchange contracts to take active foreign exchange exposure. Futures contracts are entered into by ASD Fund, EMDBTR Fund and EMSD Fund. Details of the gains/(losses) relating to these derivative instruments are contained in the Statement of Comprehensive Income.

The Company shall comply with the conditions and limits laid down from time to time by the CBI under the UCITS Regulations.

Forward foreign currency exchange contracts are recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at their fair value. All forward foreign currency exchange contracts are carried as assets when fair value is positive and as liabilities when fair value is negative. Any changes in fair value are recognised in the Statement of Comprehensive Income.

The fair value of forward foreign currency exchange contracts that are not exchange traded is estimated at the amount that the Sub-Fund would receive or pay to terminate the contract at the period/year-end date taking into account current market conditions and the current creditworthiness of the counterparties.

The unrealised gain or loss on open forward foreign currency exchange contracts is calculated as the difference between the contract price and the forward price as at financial year-end.

Futures contracts are commitments either to purchase or sell a designated financial instrument, currency, commodity or an index at a specified future date for a specified price and may be settled in cash or another financial asset. Futures are standardised exchange traded contracts. Initial margin requirements for futures are met in cash or other instruments, and changes in the futures contract values are settled daily. Futures are measured initially at fair value on the date on which the derivative contract is entered into and subsequently remeasured at fair value. Futures contracts have little credit risk because the counterparties are futures exchanges. Any changes in fair value are recognised in the Statement of Comprehensive Income.

IRSs are used for trading purposes. IRSs are measured initially at fair value on the date on which the derivative contract is entered into and subsequently remeasured at fair value. Fair values are obtained from counterparties or from quoted market prices in active markets, including recent market transactions, and from valuation techniques using discounted cash flow models and option pricing models as appropriate. IRSs are included in assets when the fair value is positive, and in liabilities when the fair value is negative.

In a CDS, one party makes payments to another party in exchange for the right to receive a specified return (or to put a security) if a credit event (e.g. default or a similar event) occurs with respect to a reference entity or entities. The Company may use credit default swaps contracts to provide a measure of protection against defaults of sovereign or corporate issues (i.e. to reduce risk where the Sub-Fund owns or has exposure to the issuer) or to take an active long or short position with respect to the likelihood of a particular issuer’s default. The maximum exposure the Company has in selling credit protection is equal to the notional amount of such CDS contracts. CDS’s are measured initially at fair value on the date on which the derivative contract is entered into and subsequently remeasured at fair value.

For CDSs on asset-backed securities, a credit event may be triggered by various occurrences, which may include an issuer’s failure to pay principal, maturity extension, rating downgrade or write-down. For CDS contracts on corporate or sovereign issuers, a credit event may be triggered by occurrences such as an issuer bankruptcy, failure to pay interest or principal, repudiation/moratorium and/or restructuring. Any changes in fair value are recognised in the Statement of Comprehensive Income.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

12. Efficient Portfolio Management (continued)

A currency swap is an interest rate swap in which the cash flows are in different currencies. Upon initiation of a currency swap, the counterparties make an initial exchange of notional principals in the two currencies. During the life of the swap, each party pays interest (in the currency of the principal received) to the other. At the maturity of the swap, the parties make a final exchange of the initial principal amounts, reversing the initial exchange at the same spot rate.

Options are derivative financial instruments that give the buyer, in exchange for a premium payment, the right but not the obligation to either purchase from (call option) or sell to (put option) the writer a specified underlying instrument at a specified price on or before a specified date. Daily fluctuations in the value of the option contract are recorded for financial reporting purposes as unrealised gains or losses by the Sub-Funds and are recorded as a realised gain or loss when the position is closed.

The best evidence of fair value of a derivative at initial recognition is the transaction price. Subsequent changes in the fair value of any derivative instrument are recognised immediately in the Statement of Comprehensive Income.

Risk Monitoring of Global Exposure

GSSB Fund, EHYB Fund, GHYB Fund, USHYB Fund and DEMHYB Fund (together the “Commitment Approach Funds”) have been classified as non-sophisticated users of FDI and, as permitted by the CBI UCITS Regulations, the Company has adopted a commitment approach (“the Commitment Approach”) in the calculation of global exposure for these Sub-Funds during the financial year.

In accordance with the CBI UCITS Regulations, the Commitment Approach has been calculated, in the case of forward foreign currency exchange contracts (“FCCs”), by converting the FCC position into an equivalent position based on the market value of the underlying asset. As the FDI are used for hedging purposes in the Commitment Approach Funds, the exposure of the FDI has been calculated and then netted against the instrument being hedged. The Global Exposure calculation is performed on a daily basis.

EMCB Fund, EMLD Fund, EMDS Fund, ASD Fund, EMDBTR Fund and EMSD Fund have the ability to use FDI more extensively and as such, have been designated as “VaR Approach Funds” as the value at risk (“VaR”) approach is being utilised to calculate their Global Exposure. The Investment Managers have appointed State Street UCITS Risk Management Service to perform these calculations. All output is reviewed in detail by the Investment Manager’s Risk team.

Due to the risk profile and investment strategies of the Sub-Funds, certain VaR Approach Funds used a Relative VaR approach as a risk measure. These are:

- EMLD Fund
- EMSD Fund

Relative VaR is defined as the VaR of the UCITS divided by the VaR of the benchmark. The Relative VaR on the UCITS portfolio (for applicable Relative VaR Approach Funds) shall not exceed twice the VaR on the comparable benchmark portfolio. The following parameters are used when determining VaR of the UCITS and their benchmark:

- A one-tailed confidence level of 99%;
- A holding period equivalent to 20 business days (1 month);
- A historical observation period of at least 250 business days (1 year), unless a shorter observation period is justified by a significant increase in price volatility;
- Daily data set updates of the VaR model.

The other VaR Approach Funds used an Absolute VaR approach, being:

- EMCB Fund
- EMDS Fund
- ASD Fund
- EMDBTR Fund

The Absolute VaR shall not exceed 20% of the NAV’s of the applicable Absolute VaR Approach Fund. The same above parameters are used when determining VaR of the UCITS.

Both Relative VaR and Absolute VaR is being calculated on a daily basis. Further, comprehensive stress testing is performed using a scenario-based analysis in accordance with the qualitative and quantitative requirements of the CBI. Back testing is performed to assess the accuracy and quality of the VaR model. Any daily loss exceeding the 99th percentile VaR in the trailing 250 days constitutes a VAR overshoot.

**This Sub-Fund merged on 2 December 2022.

14. Interests in unconsolidated structured entities

The Company meets the definition of an Investment Entity under IFRS 10 and therefore does not consolidate any investments. IFRS 12 requires disclosures around "Unconsolidated Structured Entities".

IFRS 12 defines a structured entity as an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, such as when any voting rights relate to the administrative tasks only and the relevant activities are directed by means of contractual agreements. Disclosures are required where an interest is held in a structured entity and where, for example, the investor has been involved in the setting up of the structured entity and the investor would have exposure to potential losses or costs over and above the amount actually invested.

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

14. Interests in unconsolidated structured entities (continued)

Where it is within their investment objectives, at 31 December 2023 and 31 December 2022 the Sub-Funds held various investments in ABS, mortgage backed securities ("MBS") and investment funds. The nominal value and fair value of each of these investments is listed in each applicable Sub-Fund's Schedule of Investments. The fair value of these investments is recorded in the "Investments at fair value" line in the Statement of Financial Position. The carrying value of these investments is equivalent to fair value, and the Sub-Fund's maximum exposure to loss from these investments is equal to their total fair value. Once a Sub-Fund has disposed of its holding in any of these investments, the Sub-Fund ceases to be exposed to any risk from that investment. The Sub-Funds have not provided, and would not be required to provide any financial support to these investees.

The Sub-Funds have concluded that ABS, MBS and open-ended investment funds in which they invest, but that they do not consolidate, meet the definition of structured entities because:

- the voting rights in these entities are not the dominant rights in deciding who controls them, as they relate to administrative tasks only;
- each entity's activities are restricted by its Prospectus; and
- the entities have narrow and well-defined objectives to provide investment opportunities to investors.

These investments are detailed in the following table as they have been established by the Sub-Funds' Investment Managers. The maximum exposure to loss is the carrying amount of the financial assets held.

The table below sets out the interests held by the Sub-Funds in unconsolidated structured entities at 31 December 2023:

	Currency of Sub-Fund	No. of Investments	Total Net Assets of the underlying Structured Entity*	Carrying amount included in Financial assets at fair value through profit or loss	% of Total Net Assets of the underlying Structured Entity	% of Total Net Assets
Investment in open-ended investment funds

16. Soft commissions and Directed brokerage

There were no soft commission arrangements entered into by the Investment Managers, on behalf of the Company, during the financial year or during the prior financial year.

There were no directed brokerage fees paid or received by the Sub-Funds during the financial year ended 31 December 2023 (31 December 2022: Nil).

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

17. Cross liability

While the provisions of the Companies Act, 2014 provide for segregated liability between Sub-Funds, these provisions have yet to be tested in foreign courts, in particular in satisfying local creditors' claims. Accordingly, it is not free from doubt that the assets of each Sub-Fund and tranche may not be exposed to the liabilities of the other Sub-Funds and tranches within the Company. At 31 December 2023, the Directors are not aware of any such existing or contingent liability.

18. Contingent liabilities

There are no contingent liabilities at 31 December 2023 (31 December 2022: Nil).

19. Taxation

Under current Irish law and practice, the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997 as amended. On that basis, it is not chargeable to Irish tax on its income and gains.

However, Irish tax may arise on the happening of a "chargeable event". A chargeable event includes any distribution payments to shareholders or any encashment, redemption, cancellation or transfer of shares and the holding of shares at the end of each eight year period beginning with the acquisition of such shares. No Irish tax will arise on the Company in respect of chargeable events in respect of:

- (i) a shareholder who is not an Irish resident and not ordinarily resident in Ireland for tax purposes at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act, 1997 as amended, are held by the Company or the Company has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations; and
- (ii) certain exempted Irish tax resident investors who have provided the Company with the necessary signed statutory declarations.

Dividend income, interest and capital gains (if any) received on investments made by the Company may be subject to withholding and capital gains taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Company or its shareholders.

20. Total Expense Ratio and Performance Data

*On 5 March 2021 all "C1" share tranches were renamed to "IA" share tranches.

**This Sub-Fund merged on 2 December 2022.

Historical performance is no indicator of current or future performance. The performance data does not take account of any commissions and costs charged when subscribing and redeeming shares.

21. Material changes to the Prospectus

The Prospectus of the Company was updated with effect from 1 September 2023.

The following material changes were made to the Prospectus on 1 September 2023:

- Updates have been made as part of a general refresh and for the purposes of the Sustainable Finance Disclosure ("SFDR"), namely to update the relevant disclosures (such as ESG good governance language) and also to include the new EU Taxonomy nuclear and gas related disclosure in the SFDR annexes.
- Management Fee of Barings European High Yield Bond Fund Tranche B shares reduced from 0.40% to 0.35% with effect from 1 September 2023.

There were no other material changes to the Prospectus during the financial year ended 31 December 2023.

22. Significant events during the financial year

Mr. Syl O'Byrne was appointed as a Director of the Company with effect from 27 January 2023.

Mr. Julian Swayne resigned as a Director of the Company with effect from 4 August 2023.

The Prospectus of the Company was updated with effect from 1 September 2023. The material changes to the Prospectus are outlined in Note 21 of these financial statements.

The following Sub-Funds closed share tranches during the financial year:

	Termination date
GHYB Fund	
Tranche E CHF Distribution	20 April 2023

Barings Umbrella Fund Plc

Notes to the Financial Statements (continued)

For the financial year ended 31 December 2023

22. Significant events during the financial year (continued)

	Termination date
EMDSD Fund Tranche B CHF Accumulation	16 November 2023
USHYB Fund Tranche G CAD Distribution	28 February 2023

The following Sub-Funds launched additional share tranches during the financial year:

	Launch Date
EHYB Fund Tranche B EUR Distribution	9 August 2023
GHYB Fund Tranche B GBP Distribution	22 June 2023
Tranche B CHF Distribution	19 September 2023

Subsequent to the financial year end, distributions were also paid out on G Tranches for DEMHYB Fund, these distributions are paid monthly and not included in the table above. The total distributions paid by G Tranches subsequent to the financial year end amounted to US\$922,595.

24. Russia/Ukraine conflict

The ongoing conflict between Russia and Ukraine has led to significant disruption and volatility in the global stock market. As a result of this, the fair value of Russian securities held within the Sub-Funds have experienced a sharp decline since early 2022. As a consequence of this, management made the determination to value all Russian, Ukrainian and Belarusian sovereign local bonds, sovereign hard currency debt (USD / EUR) and corporate bonds on a bid basis and one sanctioned bond held by Barings Emerging Markets Local Debt Fund has been manually marked at zero. This was based on the current restrictions on trading due to sanctions and market liquidity. Exposure details at 31 December 2023 and 31 December 2022 are outlined in the table below. The ongoing ramifications of the conflict may not be limited to Russia and Russian companies or Ukraine but may spill over to other regional and global economic marks, and the extent of the resulting impact remains uncertain. Barings continues to monitor the situation in Ukraine and consider appropriate measures for the affected Sub-Funds.

Fund	% of Net Assets	% of Net Assets	% of Net Assets	% of Net Assets
	31 December 2023	31 December 2023	31 December 2022	31 December 2022
	Russia	Ukraine	Russia	Ukraine

Listed above are the aggregate purchases of securities exceeding 1 per cent of the total value of purchases for the financial year ended 31 December 2023 and the aggregate sales greater than 1 per cent of the total value of sales for the financial year ended 31 December 2023.

At a minimum, the largest 20 purchases and sales are required to be disclosed, if applicable.

Barings Umbrella Fund Plc

Appendix 2 - Additional Information for Investors in the Federal Republic of Germany (Unaudited)

This Country Supplement forms part of and should be read in conjunction with the prospectus for Barings Umbrella Fund plc (the “Company”) and the supplements for Barings Global Senior Secured Bond Fund, Barings European High Yield Bond Fund, Barings Global High Yield Bond Fund, Barings Emerging Markets Corporate Bond Fund, Barings Emerging Markets Local Debt Fund, Barings Emerging Markets Debt Short Duration Fund, Barings Active Short Duration Fund, Barings Emerging Markets Debt Blended Total Return Fund, Barings Emerging Markets Sovereign Debt Fund, Barings U.S. High Yield Bond Fund and Barings Developed and Emerging Markets High Yield Bond Fund, the Sub-Funds of the Company (together the “Funds”) dated 1 September 2023 (together the “Prospectus”). Together with the Prospectus, this Country Supplement, dated 22 September 2023, shall constitute the Consolidated Prospectus for Germany (the “Consolidated Prospectus”).

Since no Shares in the Sub-Funds are issued as printed individual certificates, no paying agent has been appointed in Germany.

Investors should refer to the sections of the Prospectus entitled “Purchase of Shares”; “Redemption of Shares”; and “Purchase and Redemption of Shares” in order to ascertain how to request subscription, redemption or conversion/exchange of units and when they are entitled to receive payments (redemption proceeds and disbursement or other payments) and how they will receive these payments by the Company.

Investors should also refer to the “Fees and Expenses” section in the Prospectus.

The latest version of the Prospectus (as defined above), the key information documents (the “KIDs”), the memorandum and articles of association of the Company, the certificate of incorporation of the Company, the material contracts of the Company, the latest published annual report and any subsequent half-yearly report of the Company may be obtained free of charge and in paper form from the Paying Agent or at the registered office of the Company. The issue, redemption and exchange prices are available free of charge at the Paying Agent.

In addition, in the following cases, information will be provided to investors in Germany through investors’ letters:

- suspension of the redemption of Shares;
- termination of the management of the Sub-Fund or its winding-up;
- amendments to the Sub-Fund rules which are inconsistent with existing investment principles, affect material investor rights, or relate to remuneration or the reimbursement of expenses that may be taken out of the assets of the Sub-Fund, including the reasons for the amendments and the rights of investors;
- the merger of the Sub-Fund with one or more other funds;
- the conversion of the Sub-Fund into a feeder fund or any change to a master fund.

The issue, redemption and exchange prices and any other information and documents which are required to be published in Ireland, will be published on the website of Euronext Dublin (<http://www.ise.ie>). However, documents available for investors in Ireland solely for inspection at an office specified in the sales documentation, will be published through the Paying Agent by making those documents available for inspection free of charge at his office.

Tax regulations and the practices of financial authorities are constantly subject to change. Because of the complexity of German tax law, it is recommended that investors contact a tax adviser regarding the effect on their individual tax situation before they decide about an investment in the Sub-Fund.

Barings Umbrella Fund Plc

Appendix 3 - Additional Information regarding Hong Kong registered Funds (Unaudited)

For the financial year ended 31 December 2023

The Barings Global Senior Secured Bond Fund, Barings Global High Yield Bond Fund, Barings Emerging Markets Sovereign Debt Fund and Barings Developed and Emerging Markets High Yield Bond Fund have been registered for sale in Hong Kong. The other Sub-Funds within this report are not authorised in Hong Kong and are not available to Hong Kong residents.

Transactions with Connected Persons for the Sub-Funds distributed in Hong Kong

Connected Persons of the Manager, the Investment Managers, the Depositary and the Directors of the Company are those as defined in the SFC Code. All transactions entered into during the financial year between the authorised Sub-Funds and the Manager, the Investment Managers, the Depositary and the Directors of the Company and their respective Connected Persons were carried out in the normal course of business and on normal commercial terms.

Security investments and currency transactions through a broker who is a Connected Person of the Manager, the Investment Advisors, the Depositary and the Directors of the Company were as follows for the financial year ended 31 December 2023:

	Total Purchases & Sales through a broker who is a Connected Person	% of Total Purchases & Sales	Commissions US\$ ('000)	Average Rate of Commissions in %
Sub-Fund	US\$ ('000)			
GSSB Fund	13,162,856	60.88	-	-
GHYB Fund	23,317,484	60.68	-	-
EMSD Fund	11,084,906	74.71	-	-
DEMHYB Fund	2,781,771	101.38	-	-

There was no commission charged on the transactions in the above table for the financial year ended 31 December 2023.

The Directors of the Company held no shares in any of the SFC-authorized Sub-Funds for the financial year ended 31 December 2023. Details of fees paid to the Directors of the Company for the financial year ended 31 December 2023 are disclosed in Note 7 and 9 of these financial statements.

Details of the value of the outstanding shares owned by Connected Persons of the Manager and the Investment Managers over 20% of the Net Assets of the SFC-authorized Sub-Funds as at 31 December 2023 are disclosed in Note 10 of these financial statements. Details of fees paid to the Manager and the Investment Managers are disclosed in Note 9 of these financial statements.

Directors and Officers of the Depositary did not hold shares in any of the SFC-authorized Sub-Funds for the financial year ended 31 December 2023. As disclosed in Note 9 of these financial statements, the fees and expenses of the Depositary are paid by the Sub-Funds. As disclosed in Note 3 of these financial statements, all cash at bank balances of the SFC-authorized Sub-Funds are held by State Street Custodial Services (Ireland) Limited. Interest may be earned or charged to the SFC-authorized Sub-Funds by the Depositary on these cash balances.

Barings Umbrella Fund Plc

Appendix 4 - Disclosure of Remuneration (Unaudited)

For the financial year ended 31 December 2023

Remuneration Disclosure

The Manager's Remuneration Policy ensures the remuneration arrangements as defined in ESMA's "Guidelines on Sound Remuneration Policy under the UCITS directive and AIFMD" (ESMA 2016/411) (the 'ESMA Guidelines'), (as amended) are:

- (i) consistent with and promote sound and effective risk management and do not encourage risk-taking which is inconsistent with the risk profile, rules or constitution of the Manager or the Sub-Funds; and
- (ii) consistent with the Manager's business strategy, objectives, values and interests and includes measures to avoid conflicts of interest.

The Manager complies with the remuneration principles in a way and to the extent appropriate to its size and business.

Remuneration Committee

Due to the size and nature of the Manager, the Board of Directors considers it appropriate to dis-apply the requirement to appoint a remuneration committee.

The Manager is part of the Barings Europe Limited (UK) group of companies ("Barings") which is governed by the Remuneration Panel and the Barings LLC Human Resources Committee. The Remuneration Panel and the Barings LLC Human Resources Committee ensure the fair and proportionate application of the remuneration rules and ensures that potential conflicts arising from remuneration are managed and mitigated appropriately.

Remuneration Code Staff

The Manager has determined its Remuneration Code Staff as the following:

1. Senior management

Senior Management comprises the Board of Directors.

2. Control Functions

All CBI Pre Approved Control Functions ("PCFs") are included within the definition of Remuneration Code Staff.

3. Risk Takers

Risk Takers are defined as the investment managers of the UCITS and AIFs. Investment management is delegated to firms subject to an equivalent remuneration regime and therefore BIFMI currently has no risk takers outside of senior management.

4. Employees in the same remuneration bracket as risk takers

The Manager will not treat a person as Remuneration Code Staff if a person's professional activities do not have a material impact on the risk profiles of the firm or the Sub-Funds.

5. Staff responsible for heading the investment management, administration, marketing and human resources

There are no staff in this category, that are not captured in other categories.

Barings Umbrella Fund Plc

Appendix 4 - Disclosure of Remuneration (Unaudited) (continued)

For the financial year ended 31 December 2023

Remuneration Disclosure

The disclosure below details fixed and variable remuneration paid to The Manager Remuneration Code Staff (for the financial year ended 31 December 2023).

	Number of beneficiaries	Total Remuneration	Total Fixed Remuneration	Total Variable Remuneration
Total remuneration paid by the Manager in relation to the Sub-Funds*	10	€301,423	€212,142	€89,280
Total Senior Management Remuneration paid by the Manager**	5	€761,178	€502,941	€258,237
Risk Takers remuneration	0	€0	€0	€0
Employees in the same remuneration bracket as Risk Takers	0	€0	€0	€0

The Manager's Remuneration Policy is reviewed annually both in respect of the general principles and implementation. No material changes have been made throughout the year or as a result of the review; no irregularities were identified.

The above disclosures are made in line with Barings' interpretation of currently available regulatory guidance on quantitative remuneration disclosures. As market or regulatory practice develops, Barings may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other Barings fund disclosures in that same year.

Notes:

*The Manager does not make any direct payments to staff, who are paid by other Barings Group entities. Figures shown are apportioned on a fund AUM basis as a proportion of Barings total AUM as at 31 December 2023. Accordingly, the figures are not representative of any individual's actual remuneration.

**Senior management remuneration is apportioned on the basis of the Manager's total AUM as a proportion of Barings total AUM.

Variable remuneration consists of Short Term Incentive awards, Long Term Incentive awards and any other variable payments including benefits in kind.

Barings Umbrella Fund Plc

<input checked="" type="radio"/> <input checked="" type="radio"/> <input type="checkbox"/> Yes	<input checked="" type="radio"/> <input checked="" type="checkbox"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ___% <ul style="list-style-type: none"> <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy 	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of ___% of sustainable investments <ul style="list-style-type: none"> <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with a social objective
<input type="checkbox"/> It made sustainable investments with a social objective: ___%	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

- **To what extent were the environmental and/or social characteristics promoted by this financial product met?**

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental ("E") and/or social ("S") characteristics.

As at 31 December 2023, the Sub-Fund met its environmental and/or social characteristics as the percentage of its Net Asset Value in assets which exhibit positive or improving E and/or S characteristics was 73.34%.

- **How did the sustainability indicators perform?**

The sustainability indicator used to measure the attainment of the environmental and social characteristics promoted by the Sub-Fund was the percentage of the Sub-Fund's Net Asset Value invested in assets that exhibit positive or improving ESG characteristics. Issuers that exhibit positive or improving ESG characteristics are selected through the Investment Manager's proprietary ESG scoring methodology.

As at 31 December 2023, the Sub-Fund's percentage of its Net Asset Value in assets which exhibit positive or improving ESG characteristics was 73.34%, which was 23.34% above the minimum threshold.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **And compared to previous periods?**

The sustainability indicator has been redefined in the Prospectus since last year. Last year the percentage was calculated on the portfolio whereas this year it is on Net Asset Value.

As at 31 December 2022, the Sub-Fund's percentage of investments in its portfolio with positive or improving ESG characteristics was 73.81% (excluding cash, cash equivalents and hedging instruments), which was 23.81% above the minimum threshold.

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

Not applicable.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

Not applicable.

- **How were the indicators for adverse impacts on sustainability factors taken into account?**

Not applicable.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

Not applicable.

The EU Taxonomy sets out a “do no significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **How did this financial product consider principal adverse impacts on sustainability factors?**

During the reference period, Principal Adverse Impact indicators (PAI) indicators were incorporated in the monitoring and analysis of debt instruments in which the Sub-Fund invests. Barings' ESG integration process is designed to ensure that the Investment Manager assesses the sustainability risk factors that are material to the overall credit risk of an investment. This process is undertaken for individual issuers on a case-by-case basis depending on business profile and sector. The Investment Manager considers PAI indicators when compiling both investment committee recommendations and internal ESG ratings. A thematic approach is taken to assessing PAI indicators as opposed to a formal assessment against individual indicators. For example, issuers' reported GHG emissions are tracked and available in internal portfolio management systems in order to assess the environmental profile of an individual investment and the overall strategy. There is a formal written ESG assessment that is used to produce both internal ESG ratings and written analysis on sustainability risks in investment committee papers. Barings has an exclusion policy for business involvement in controversial weapons.

The list includes the investments constituting the **greatest proportion of investments** of the financial product during the reference period which is: as at 31 December 2023.

The Sector source is the Barclays Class 3 industry classification.

- To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?**

0% of the Sub-Fund's investments are sustainable investments with an environmental objective that align with the EU Taxonomy.

- Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy¹?**

Yes:

In fossil gas

In nuclear energy

No

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the “greenness” of investee companies today.
- **capital expenditure** (CapEx) shows the green investments made by investee companies, relevant for a transition to a green economy.
- **operational expenditure** (OpEx) reflects the green operational activities of investee companies.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

¹ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective – see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

*For the purpose of these graphs, ‘sovereign bonds’ consist of all sovereign exposures

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

- **What was the share of investments made in transitional and enabling activities?**

The Sub-Fund did not make sustainable investments with an environmental objective aligned with the EU Taxonomy during the reference period.

- **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

Not applicable

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?

Not applicable.

Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

What was the share of socially sustainable investments?

Not applicable.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

What investments were included under “Other”, what was their purpose and were there any minimum environmental or social safeguards?

The investments included under "Other" comprised of assets which have been approved by the Investment Manager's High Yield US and European Investment Committees and which have a weak ESG starting point with potentially positive catalysts or score poorly from an ESG perspective but valuations suggest that the investment offers a strong risk/reward for the Sub-Fund's portfolio.

Additionally, the investments included under "Other" were cash, cash equivalents and hedging instruments. Cash and cash equivalents do not affect the promoted environmental and / or social characteristics of the Sub-Fund. The assessment of issuers and of counterparties for cash and hedging instruments focusses on the creditworthiness of these parties, which can be impacted by ESG risks.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager monitored the environmental and/or social characteristics of the Sub-Fund's portfolio during the reference period. The Investment Manager performed due diligence through direct access to senior management, banking group and financial sponsors, in addition to information published by issuers, where available. The Investment Manager, through access to third party ESG research providers (where coverage allowed) such as MSCI, Sustainalytics and/or Bloomberg ESG, also sought to understand market consensus on the ESG profile of each issuer. This information and interaction enabled the investment team to complete comprehensive due diligence on the ESG risk profile and monitoring of the issuer. The Investment Manager adopted an active management policy in relation to ESG topics and also focused on engagement to improve issuer disclosure or behaviour. Engagement activity is focused on material environmental and social risk areas for select issuers and provision of relevant information. This included areas such as the provision of emissions data, use of science based targets and adherence to targets. For each asset, the Investment Manager examined and reviewed the scores of the indicators to determine an issuer's ESG credentials over time and considered any relevant shocks that may impact the scoring. ESG scores were reassessed as material ESG developments occurred and updated in line with issuer reporting cycles and updated/verified at least semi-annually.

- **How did this financial product perform compared to the reference benchmark?**

Not applicable.

- **How does the reference benchmark differ from a broad market index?**

Not applicable.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **And compared to previous periods?**

The sustainability indicator has been redefined in the Prospectus since last year. Last year the percentage was calculated on the portfolio whereas this year it is on Net Asset Value.

As at 31 December 2022, the Sub-Fund's percentage of investments in its portfolio with positive and improving ESG characteristics was 65.00% (excluding cash, cash equivalents and hedging instruments), which was 15.00% above the minimum threshold.

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

Not applicable.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

Not applicable.

- **How were the indicators for adverse impacts on sustainability factors taken into account?**

Not applicable.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

Not applicable.

The EU Taxonomy sets out a “do no significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **How did this financial product consider principal adverse impacts on sustainability factors?**

During the reference period, Principal Adverse Impact indicators (PAI) indicators were incorporated in the monitoring and analysis of debt instruments in which the Sub-Fund invests. Barings' ESG integration process is designed to ensure that the Investment Manager assesses the sustainability risk factors that are material to the overall credit risk of an investment. This process is undertaken for individual issuers on a case-by-case basis depending on business profile and sector. The Investment Manager considers PAI indicators when compiling both investment committee recommendations and internal ESG ratings. A thematic approach is taken to assessing PAI indicators as opposed to a formal assessment against individual indicators. For example, issuers' reported GHG emissions are tracked and available in internal portfolio management systems in order to assess the environmental profile of an individual investment and the overall strategy. There is a formal written ESG assessment that is used to produce both internal ESG ratings and written analysis on sustainability risks in investment committee papers. Barings has an exclusion policy for business involvement in controversial weapons.

The Sector source is the Barclays Class 3 industry classification.

- To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?**

0% of the Sub-Fund's investments are sustainable investments with an environmental objective that align with the EU Taxonomy.

- Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy¹?**

Yes:

In fossil gas

In nuclear energy

No

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the “greenness” of investee companies today.

- **capital expenditure**

(CapEx) shows the green investments made by investee companies, relevant for a transition to a green economy.

- **operational expenditure**

(OpEx) reflects the green operational activities of investee companies.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

¹ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective – see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the Taxonomy-alignment of sovereign bonds, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

*For the purpose of these graphs, ‘sovereign bonds’ consist of all sovereign exposures

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

- **What was the share of investments made in transitional and enabling activities?**

The Sub-Fund did not make sustainable investments with an environmental objective aligned with the EU Taxonomy during the reference period.

- **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

Not applicable

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?

Not applicable.

Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

What was the share of socially sustainable investments?

Not applicable.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

What investments were included under “other”, what was their purpose and were there any minimum environmental or social safeguards?

The investments included under "Other" comprised of assets which have been approved by the Investment Manager's High Yield US and European Investment Committees and which have a weak ESG starting point with potentially positive catalysts or score poorly from an ESG perspective but valuations suggest that the investment offers a strong risk/reward for the Sub-Fund's portfolio.

Additionally, the investments included under "Other" were cash, cash equivalents and hedging instruments. Cash and cash equivalents do not affect the promoted environmental and / or social characteristics of the Sub-Fund. The assessment of issuers and of counterparties for cash and hedging instruments focusses on the creditworthiness of these parties, which can be impacted by ESG risks.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager monitored the environmental and/or social characteristics of the Sub-Fund's portfolio during the reference period. The Investment Manager performed due diligence through direct access to senior management, banking group and financial sponsors, in addition to information published by issuers, where available. The Investment Manager, through access to third party ESG research providers (where coverage allowed) such as MSCI, Sustainalytics and/or Bloomberg ESG, also sought to understand market consensus on the ESG profile of each issuer. This information and interaction enabled the investment team to complete comprehensive due diligence on the ESG risk profile and monitoring of the issuer. The Investment Manager adopted an active management policy in relation to ESG topics and also focused on engagement to improve issuer disclosure or behaviour. Engagement activity is focused on material environmental and social risk areas for select issuers and provision of relevant information. This included areas such as the provision of emissions data, use of science based targets and adherence to targets. For each asset, the Investment Manager examined and reviewed the scores of the indicators to determine an issuer's ESG credentials over time and considered any relevant shocks that may impact the scoring. ESG scores were reassessed as material ESG developments occurred and updated in line with issuer reporting cycles and updated/verified at least semi-annually.

- **How did this financial product perform compared to the reference benchmark?**

Not applicable.

- **How does the reference benchmark differ from a broad market index?**

Not applicable.

- **How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?**

Not applicable.

Reference benchmarks are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- *How did this financial product perform compared with the reference benchmark?*

Not applicable.

Not applicable.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

Periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: Barings Emerging Markets Corporate Bond Fund
Legal entity identifier: 5493006H2BF0K47X4M05

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input type="checkbox"/> Yes	<input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ___% <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of ___% of sustainable investments <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with a social objective
<input type="checkbox"/> It made sustainable investments with a social objective: ___%	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

- **To what extent were the environmental and/or social characteristics promoted by this financial product met?**

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental ("E") and/or social ("S") characteristics.

As at 31 December 2023, the Sub-Fund met its environmental and/or social characteristics as the percentage of investments in its portfolio with positive or improving ESG characteristics was 75.49%.

- **How did the sustainability indicators perform?**

The sustainability indicators used to measure the attainment of the environmental and social characteristics promoted by the Sub-Fund was the percentage of the Sub-Fund's Net Asset Value invested in assets that exhibit positive or improving ESG characteristics. Issuers that exhibit positive or improving ESG characteristics are selected through the Investment Manager's proprietary ESG scoring methodology.

As at 31 December 2023, the Sub-Fund's percentage of Net Asset Value invested in assets that exhibit positive or improving ESG characteristics was 75.49%, which was 25.49% above the minimum threshold.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **And compared to previous periods?**

The sustainability indicator has been redefined in the Prospectus since last year. Last year the percentage was calculated on the portfolio whereas this year it is on Net Asset Value.

As at 31 December 2022, the Sub-Fund's percentage of investments in its portfolio with positive and improving ESG characteristics was 72.20% (excluding cash, cash equivalents and hedging instruments), which was 22.20% above the minimum threshold.

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

Not applicable.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

Not applicable.

Product name: Barings Emerging Markets Local Debt Fund
Legal entity identifier: 549300Z6XYRUUF6QE716

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input type="checkbox"/> Yes	<input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ___% <ul style="list-style-type: none"> <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy 	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of ___% of sustainable investments <ul style="list-style-type: none"> <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with a social objective
<input type="checkbox"/> It made sustainable investments with a social objective: ___%	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

- **To what extent were the environmental and/or social characteristics promoted by this financial product met?**

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental ("E") and/or social ("S") characteristics.

The Sub-Fund will also invest at least 75% of its Net Asset Value in countries that exhibit strong or improving human development conditions, as measured by the United Nations Human Development Index ("HDI") and calculated as an average of the five year period as of two years prior to the investment period.

As at 31 December 2023, the Sub-Fund met its environmental and/or social characteristics as the percentage of its Net Asset Value in assets which exhibit positive or improving ESG characteristics was 90.23% and the Net Asset Value in countries that exhibit strong or improving human development conditions was 94.13%.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **How did the sustainability indicators perform?**

The sustainability indicators used to measure the attainment of the environmental and social characteristics promoted by the Sub-Fund were:

1. The percentage of the Sub-Fund's Net Asset Value invested in assets that exhibit positive or improving ESG characteristics; and
2. The percentage of the Sub-Fund's Net Asset Value in countries that exhibit strong or improving human development conditions, as measured by the United Nations HDI and calculated as an average of the five year period as of two years prior to the investment period.

As at 31 December 2023, the Sub-Fund's percentage of its Net Asset Value invested in assets that exhibit positive or improving ESG characteristics was 90.23%, which was 40.23% above the minimum threshold.

As at 31 December 2023, the Sub-Fund's Net Asset Value in countries that exhibit strong or improving human development conditions was 94.13%, which was 19.13% above the minimum threshold.

- **And compared to previous periods?**

The sustainability indicators have been redefined in the Prospectus since last year.

1. As at 31 December 2022, the Sub-Fund's percentage of investments in its portfolio with positive and improving ESG characteristics was 96.68% (excluding cash, cash equivalents and hedging instruments), which was 46.68% above the minimum threshold.
2. As at 31 December 2022, the Sub-Fund's total assets in countries that exhibit strong or improving human development conditions was 95.31%, which was 20.31% above the minimum threshold.

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

Not applicable.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

Not applicable.

- **How were the indicators for adverse impacts on sustainability factors taken into account?**

Not applicable.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

Not applicable.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

The EU Taxonomy sets out a “do no significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

- **How did this financial product consider principal adverse impacts on sustainability factors?**

During the reference period, Principal Adverse Impact indicators (PAI) indicators were incorporated in the monitoring and analysis of sovereign debt in which the Sub-Fund invests. The team monitors detailed statistics on carbon intensity of the countries in its investable universe, and has developed its own proprietary metrics of carbon intensity that it believes are the most relevant and adequate to assess the performance of Emerging Markets sovereigns in its investable universe. In addition, the team performs detailed social analysis that enables it to track how Emerging Markets sovereigns perform in terms of social performance. This has led to negative screening and exclusion decisions based on poor social performance. Another important point is that the team has established an exclusion list composed of countries in which, according to its assessment, ESG performance is so poor that it will affect any sustainable investment in the country in the short and medium term.

- **What were the top investments of this financial product?***

* The listed top investments of the Sub-Fund are as at 31 December 2023. The Sector source is the Barclays Class 3 industry classification.

The list includes the investments constituting the **greatest proportion of investments** of the financial product during the reference period which is: as at 31 December 2023.

Barings Umbrella Fund Plc

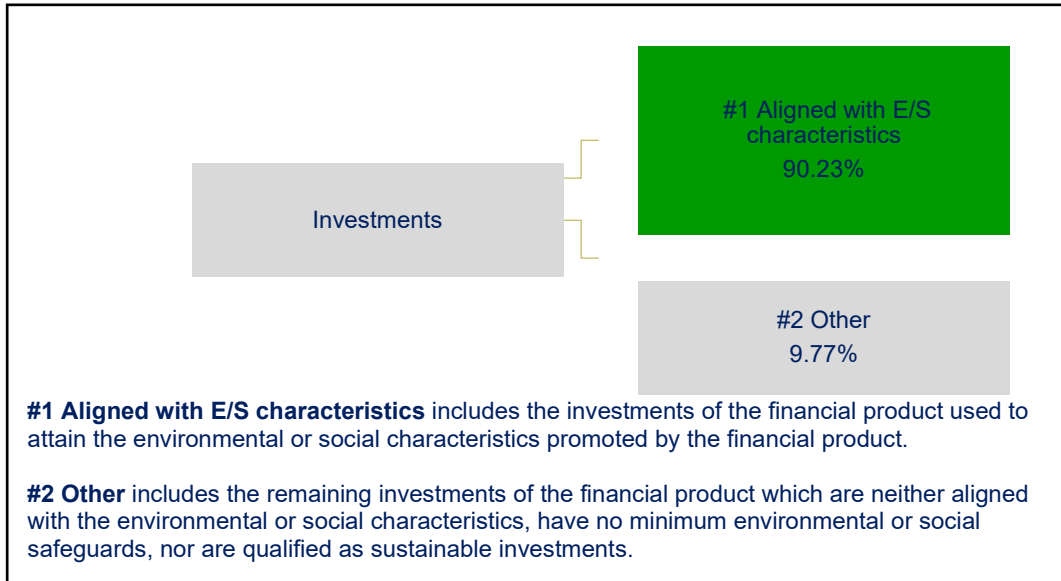

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

What was the proportion of sustainability-related investments?

- **What was the asset allocation?**

Asset allocation describes the share of investments in specific assets.

- **In which economic sectors were the investments made?**

The following table details the economic sectors that the Sub-Fund was exposed to as at 31 December 2023.

Sector	% of Investments
Government	100.00%

The Sector source is the Barclays Class 3 industry classification.

- **To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?**

0% of the Sub-Fund's investments are sustainable investments with an environmental objective that align with the EU Taxonomy.

- **Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy¹?**

Yes:

In fossil gas

In nuclear energy

No

¹ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change ("climate change mitigation") and do not significantly harm

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the "greenness" of investee companies today.
- **capital expenditure** (CapEx) shows the green investments made by investee companies, relevant for a transition to a green economy.
- **operational expenditure** (OpEx) reflects the green operational activities of investee companies.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

any EU Taxonomy objective – see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

*For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures

- **What was the share of investments made in transitional and enabling activities?**

The Sub-Fund did not make sustainable investments with an environmental objective aligned with the EU Taxonomy during the reference period.

- **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

Not applicable

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?

Not applicable.

Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

What was the share of socially sustainable investments?

Not applicable.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

What investments were included under “other”, what was their purpose and were there any minimum environmental or social safeguards?

The investments included under "Other" comprised of assets which have a weak ESG starting point with potentially positive catalysts or rate poorly from an ESG perspective but valuations suggest that the investment offers a strong risk/reward for the portfolio. The Investment Manager excludes the worst performing ESG performers in the Investment Manager's universe, per the Investment Manager's in-house ESG ratings process

Additionally, the investments included under "Other" were cash, cash equivalents and hedging instruments. Cash and cash equivalents do not affect the promoted environmental and / or social characteristics of the Sub-Fund. The assessment of issuers and of counterparties for cash and hedging instruments focusses on the creditworthiness of these parties, which can be impacted by ESG risks.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager monitored the environmental and/or social characteristics of the Sub-Fund's portfolio during the reference period. The Investment Manager performed due diligence through direct access to senior management, banking group and financial sponsors, in addition to information published by issuers, where available. The Investment Manager, through access to third party ESG research providers (where coverage allowed) such as MSCI, Sustainalytics and/or Bloomberg ESG, also sought to understand market consensus on the ESG profile of each issuer. This information and interaction enabled the investment team to complete comprehensive due diligence on the ESG risk profile and monitoring of the issuer. The Investment Manager adopted an active management policy in relation to ESG topics and also focused on engagement to improve issuer disclosure or behaviour. Engagement activity is focused on material environmental and social risk areas for select issuers and provision of relevant information. This included areas such as the provision of emissions data, use of science based targets and adherence to targets. For each asset, the Investment Manager examined and reviewed the scores of the indicators to determine an issuer's ESG credentials over time and considered any relevant shocks that may impact the scoring. ESG scores were reassessed as material ESG developments occurred and updated in line with issuer reporting cycles and updated/verified at least semi-annually.

• How did this financial product perform compared to the reference benchmark?

Not applicable.

• How does the reference benchmark differ from a broad market index?

Not applicable.

• How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?

Not applicable.

Reference benchmarks are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- *How did this financial product perform compared with the reference benchmark?*

Not applicable.

- *How did this financial product perform compared with the broad market index?*

Not applicable.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

Periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: Barings Emerging Markets Debt Short Duration Fund
Legal entity identifier: 5493002PYX2DGGGHMM78

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input checked="" type="radio"/> <input checked="" type="radio"/> <input type="checkbox"/> Yes	<input checked="" type="radio"/> <input checked="" type="checkbox"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ___% <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of ___% of sustainable investments <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with a social objective
<input type="checkbox"/> It made sustainable investments with a social objective: ___%	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

- **To what extent were the environmental and/or social characteristics promoted by this financial product met?**

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental ("E") and/or social ("S") characteristics.

As at 31 December 2023, the Sub-Fund met its environmental and/or social characteristics as the percentage of its Net Asset Value in assets which exhibit positive or improving ESG characteristics was 77.80%.

- **How did the sustainability indicators perform?**

The sustainability indicator used to measure the attainment of the environmental and social characteristics promoted by the Sub-Fund was the percentage of the Sub-Fund's Net Asset Value invested in assets that exhibit positive or improving ESG characteristics. Issuers that exhibit positive or improving ESG characteristics are selected through the Investment Manager's proprietary ESG scoring methodology.

As at 31 December 2023, the Sub-Fund's percentage of Net Asset Value invested in assets that exhibit positive or improving ESG characteristics was 77.80%, which was 27.80% above the minimum threshold.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **And compared to previous periods?**

The sustainability indicator has been redefined in the Prospectus since last year. Last year the percentage was calculated on the portfolio whereas this year it is on Net Asset Value.

As at 31 December 2022, the Sub-Fund's percentage of investments in its portfolio with positive and improving ESG characteristics was 74.28% (excluding cash, cash equivalents and hedging instruments), which was 24.28% above the minimum threshold.

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

Not applicable.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

Not applicable.

- **How were the indicators for adverse impacts on sustainability factors taken into account?**

Not applicable.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

Not applicable.

The EU Taxonomy sets out a “do no significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **How did this financial product consider principal adverse impacts on sustainability factors?**

During the reference period, Principal Adverse Impact indicators (PAI) indicators were incorporated in the monitoring and analysis of debt instruments in which the Sub-Fund invests. Barings' ESG integration process is designed to ensure that the Investment Manager assesses the sustainability risk factors that are material to the overall credit risk of an investment. This process is undertaken for individual issuers on a case-by-case basis depending on business profile and sector. The Investment Manager considers PAI indicators when compiling both investment committee recommendations and internal ESG ratings. A thematic approach is taken to assessing PAI indicators as opposed to a formal assessment against individual indicators. For example, issuers' reported GHG emissions are tracked and available in internal portfolio management systems in order to assess the environmental profile of an individual investment and the overall strategy. There is a formal written ESG assessment that is used to produce both internal ESG ratings and written analysis on sustainability risks in investment committee papers. Barings has an exclusion policy for business involvement in controversial weapons.

The Sector source is the Barclays Class 3 industry classification.

- To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?**

0% of the Sub-Fund's investments are sustainable investments with an environmental objective that align with the EU Taxonomy.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the “greenness” of investee companies today.
- **capital expenditure** (CapEx) shows the green investments made by investee companies, relevant for a transition to a green economy.
- **operational expenditure** (OpEx) reflects the green operational activities of investee companies.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

- **Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy¹?**

Yes:

In fossil gas

In nuclear energy

No

¹ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective – see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the Taxonomy-alignment of sovereign bonds, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

- **What was the share of investments made in transitional and enabling activities?**

The Sub-Fund did not make sustainable investments with an environmental objective aligned with the EU Taxonomy during the reference period.

- **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

Not applicable

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?

Not applicable.

What was the share of socially sustainable investments?

Not applicable.

What investments were included under “other”, what was their purpose and were there any minimum environmental or social safeguards?

The investments included under "Other" comprised of assets which have been approved by the Investment Manager's Investment Grade Credit and Securitized Credit Teams and which have a weak ESG starting point with potentially positive catalysts or score poorly from an ESG perspective but valuations suggest that the investment offers a strong risk/reward for the Sub-Fund's portfolio.

Additionally, the investments included under "Other" were cash, cash equivalents and hedging instruments. Cash and cash equivalents do not affect the promoted environmental and / or social characteristics of the Sub-Fund. The assessment of issuers and of counterparties for cash and hedging instruments focusses on the creditworthiness of these parties, which can be impacted by ESG risks.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager monitored the environmental and/or social characteristics of the Sub-Fund's portfolio during the reference period. The Investment Manager performed due diligence through direct access to senior management, banking group and financial sponsors, in addition to information published by issuers, where available. The Investment Manager, through access to third party ESG research providers (where coverage allowed) such as MSCI, Sustainalytics and/or Bloomberg ESG, also sought to understand market consensus on the ESG profile of each issuer. This information and interaction enabled the investment team to complete comprehensive due diligence on the ESG risk profile and monitoring of the issuer. The Investment Manager adopted an active management policy in relation to ESG topics and also focused on engagement to improve issuer disclosure or behaviour. Engagement activity is focused on material environmental and social risk areas for select issuers and provision of relevant information. This included areas such as the provision of emissions data, use of science based targets and adherence to targets. For each asset, the Investment Manager examined and reviewed the scores of the indicators to determine an issuer's ESG credentials over time and considered any relevant shocks that may impact the scoring. ESG scores were reassessed as material ESG developments occurred and updated in line with issuer reporting cycles and updated/verified at least annually.

 Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **How did this financial product perform compared to the reference benchmark?**

Not applicable.

- ***How does the reference benchmark differ from a broad market index?***

Not applicable.

- ***How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?***

Not applicable.

- ***How did this financial product perform compared with the reference benchmark?***

Not applicable.

- ***How did this financial product perform compared with the broad market index?***

Not applicable.

Reference benchmarks are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

Periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: Barings Emerging Markets Sovereign Debt Fund
Legal entity identifier: 549300O9R5YBD5R5TR77

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input checked="" type="radio"/> <input checked="" type="radio"/> <input type="checkbox"/> Yes	<input checked="" type="radio"/> <input checked="" type="radio"/> <input checked="" type="checkbox"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ___% <ul style="list-style-type: none"> <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy 	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of ___% of sustainable investments <ul style="list-style-type: none"> <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with a social objective
<input type="checkbox"/> It made sustainable investments with a social objective: ___%	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

- **To what extent were the environmental and/or social characteristics promoted by this financial product met?**

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental ("E") and/or social ("S") characteristics.

As at 31 December 2023, the Sub-Fund met its environmental and/or social characteristics as the percentage of its Net Asset Value in assets which exhibit positive or improving ESG characteristics was 86.57%.

- **How did the sustainability indicators perform?**

The sustainability indicator used to measure the attainment of the environmental and social characteristics promoted by the Sub-Fund was the percentage of the Sub-Fund's Net Asset Value invested in assets that exhibit positive or improving ESG characteristics. Issuers that exhibit positive or improving ESG characteristics are selected through the Investment Manager's proprietary ESG scoring methodology.

As at 31 December 2023, the Sub-Fund's percentage of Net Asset Value invested in assets that exhibit positive or improving ESG characteristics was 86.57%, which was 36.57% above the minimum threshold.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **And compared to previous periods?**

The sustainability indicator has been redefined in the Prospectus since last year. Last year the percentage was calculated on the portfolio whereas this year it is on Net Asset Value.

As at 31 December 2022, the Sub-Fund's percentage of investments in its portfolio with positive and improving ESG characteristics was 84.76% (excluding cash, cash equivalents and hedging instruments), which was 24.76% above the minimum threshold.

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

Not applicable.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

Not applicable.

- **How were the indicators for adverse impacts on sustainability factors taken into account?**

Not applicable.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

Not applicable.

The EU Taxonomy sets out a “do no significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **How did this financial product consider principal adverse impacts on sustainability factors?**

During the reference period, Principal Adverse Impact indicators (PAI) indicators were incorporated in the monitoring and analysis of sovereign debt that the Sub-Fund invests in. The team monitors detailed statistics on carbon intensity of the countries in its investable universe, and has developed its own proprietary metrics of carbon intensity that it believes are the most relevant and adequate to assess the performance of Emerging Markets sovereigns in its investable universe. In addition, the team performs detailed social analysis that enables it to track how Emerging Markets sovereigns perform in terms of social performance. This has led to negative screening and exclusion decisions based on poor social performance. Another important point is that the team has established an exclusion list composed of countries in which, according to its assessment, ESG performance is so poor that it will affect any sustainable investment in the country in the short and medium term.

- **What were the top investments of this financial product?***

* The listed top investments of the Sub-Fund are as at 31 December 2023. The Sector source is the Barclays Class 3 industry classification.

The list includes the investments constituting the **greatest proportion of investments** of the financial product during the reference period which is: as at 31 December 2023.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- What was the proportion of sustainability-related investments?
- What was the asset allocation?

Asset allocation describes the share of investments in specific assets.

- In which economic sectors were the investments made?

The following table details the economic sectors that the Sub-Fund was exposed to as at 31 December 2023.

Sector	% of Investments
Government	85.01%
Financial	4.22%
Oil & Gas	4.15%
Utilities	2.89%
Industrial	2.81%
Infrastructure	0.92%

The Sector source is the Barclays Class 3 industry classification.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the “greenness” of investee companies today.
- **capital expenditure** (CapEx) shows the green investments made by investee companies, relevant for a transition to a green economy.
- **operational expenditure** (OpEx) reflects the green operational activities of investee companies.

- To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

0% of the Sub-Fund's investments are sustainable investments with an environmental objective that align with the EU Taxonomy.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

- **Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy¹?**

Yes:

In fossil gas

In nuclear energy

No

¹ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective – see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the Taxonomy-alignment of sovereign bonds, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

- **What was the share of investments made in transitional and enabling activities?**

The Sub-Fund did not make sustainable investments with an environmental objective aligned with the EU Taxonomy during the reference period.

- **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

Not applicable

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?

Not applicable.

What was the share of socially sustainable investments?

Not applicable.

What investments were included under “other”, what was their purpose and were there any minimum environmental or social safeguards?

The investments included under "Other" comprised of assets which have a weak ESG starting point with potentially positive catalysts or rate poorly from an ESG perspective but valuations suggest that the investment offers a strong risk/reward for the Sub-Fund's portfolio.

Additionally, the investments included under "Other" were cash, cash equivalents and hedging instruments. Cash and cash equivalents do not affect the promoted environmental and / or social characteristics of the Sub-Fund. The assessment of issuers and of counterparties for cash and hedging instruments focusses on the creditworthiness of these parties, which can be impacted by ESG risks.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager monitored the environmental and/or social characteristics of the Sub-Fund's portfolio during the reference period. The Investment Manager performed due diligence through direct access to senior management, banking group and financial sponsors, in addition to information published by issuers, where available. The Investment Manager, through access to third party ESG research providers (where coverage allowed) such as MSCI, Sustainalytics and/or Bloomberg ESG, also sought to understand market consensus on the ESG profile of each issuer. This information and interaction enabled the investment team to complete comprehensive due diligence on the ESG risk profile and monitoring of the issuer. The Investment Manager adopted an active management policy in relation to ESG topics and also focused on engagement to improve issuer disclosure or behaviour. Engagement activity is focused on material environmental and social risk areas for select issuers and provision of relevant information. This included areas such as the provision of emissions data, use of science based targets and adherence to targets. For each asset, the Investment Manager examined and reviewed the scores of the indicators to determine an issuer's ESG credentials over time and considered any relevant shocks that may impact the scoring. ESG scores were reassessed as material ESG developments occurred and updated in line with issuer reporting cycles and updated/verified at least semi-annually.

 Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

Barings Umbrella Fund Plc

Periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: Barings U.S. High Yield Bond Fund Legal entity identifier: 549300GDBPPGHVEXGJ48

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input checked="" type="radio"/> <input checked="" type="radio"/> <input type="checkbox"/> Yes	<input checked="" type="radio"/> <input checked="" type="checkbox"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ___% <ul style="list-style-type: none"> <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy 	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of ___% of sustainable investments <ul style="list-style-type: none"> <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with a social objective
<input type="checkbox"/> It made sustainable investments with a social objective: ___%	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

- **To what extent were the environmental and/or social characteristics promoted by this financial product met?**

The Sub-Fund will invest at least 50% of its Net Asset Value in assets which exhibit positive or improving environmental ("E") and/or social ("S") characteristics.

As at 31 December 2023, the Sub-Fund met its environmental and/or social characteristics as its Net Asset Value in assets which exhibit positive or improving ESG characteristics was 64.31%.

- **How did the sustainability indicators perform?**

The sustainability indicator used to measure the attainment of the environmental and social characteristics promoted by the Sub-Fund was the percentage of the Sub-Fund's Net Asset Value invested in assets that exhibit positive or improving ESG characteristics. Issuers that exhibit positive or improving ESG characteristics are selected through the Investment Manager's proprietary ESG scoring methodology.

As at 31 December 2023, the Sub-Fund's percentage of Net Asset Value invested in assets that exhibit positive or improving ESG characteristics was 64.31%, which was 14.31% above the minimum threshold.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **And compared to previous periods?**

The sustainability indicator has been redefined in the Prospectus since last year. Last year the percentage was calculated on the portfolio whereas this year it is on Net Asset Value.

As at 31 December 2022, the Sub-Fund's percentage of investments in its portfolio with positive and improving ESG characteristics was 67.71% (excluding cash, cash equivalents and hedging instruments), which was 17.71% above the minimum threshold.

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

Not applicable.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

Not applicable.

- **How were the indicators for adverse impacts on sustainability factors taken into account?**

Not applicable.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

Not applicable.

The EU Taxonomy sets out a “do no significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

- **How did this financial product consider principal adverse impacts on sustainability factors?**

During the reference period, Principal Adverse Impact indicators (PAI) indicators were incorporated in the monitoring and analysis of debt instruments in which the Sub-Fund invests. Barings' ESG integration process is designed to ensure that the Investment Manager assesses the sustainability risk factors that are material to the overall credit risk of an investment. This process is undertaken for individual issuers on a case-by-case basis depending on business profile and sector. The Investment Manager considers PAI indicators when compiling both investment committee recommendations and internal ESG ratings. A thematic approach is taken to assessing PAI indicators as opposed to a formal assessment against individual indicators. For example, issuers' reported GHG emissions are tracked and available in internal portfolio management systems in order to assess the environmental profile of an individual investment and the overall strategy. There is a formal written ESG assessment that is used to produce both internal ESG ratings and written analysis on sustainability risks in investment committee papers. Barings has an exclusion policy for business involvement in controversial weapons.

The Sector source is the Barclays Class 3 industry classification.

- To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?**

0% of the Sub-Fund's investments are sustainable investments with an environmental objective that align with the EU Taxonomy.

- Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy¹?**

Yes:

In fossil gas

In nuclear energy

No

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the “greenness” of investee companies today.
- **capital expenditure** (CapEx) shows the green investments made by investee companies, relevant for a transition to a green economy.
- **operational expenditure** (OpEx) reflects the green operational activities of investee companies.

Barings Umbrella Fund Plc

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

¹ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective – see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the Taxonomy-alignment of sovereign bonds, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

**For the purpose of these graphs, ‘sovereign bonds’ consist of all sovereign exposures*

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

- **What was the share of investments made in transitional and enabling activities?**

The Sub-Fund did not make sustainable investments with an environmental objective aligned with the EU Taxonomy during the reference period.

- **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

Not applicable

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?

Not applicable.

Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

Appendix 5 – Sustainability Related Disclosures (Unaudited) (continued)

What was the share of socially sustainable investments?

Not applicable.

What investments were included under “other”, what was their purpose and were there any minimum environmental or social safeguards?

The investments included under "Other" comprised of assets which have been approved by the Investment Manager's Investment Committees and which have a weak ESG starting point with potentially positive catalysts or score poorly from an ESG perspective but valuations suggest that the investment offers a strong risk/reward for the Sub-Fund's portfolio.

Additionally, the investments included under "Other" were cash, cash equivalents and hedging instruments. Cash and cash equivalents do not affect the promoted environmental and / or social characteristics of the Sub-Fund. The assessment of issuers and of counterparties for cash and hedging instruments focusses on the creditworthiness of these parties, which can be impacted by ESG risks.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager monitored the environmental and/or social characteristics of the Sub-Fund's portfolio during the reference period. The Investment Manager performed due diligence through direct access to senior management, banking group and financial sponsors, in addition to information published by issuers, where available. The Investment Manager, through access to third party ESG research providers (where coverage allowed) such as MSCI, Sustainalytics and/or Bloomberg ESG, also sought to understand market consensus on the ESG profile of each issuer. This information and interaction enabled the investment team to complete comprehensive due diligence on the ESG risk profile and monitoring of the issuer. The Investment Manager adopted an active management policy in relation to ESG topics and also focused on engagement to improve issuer disclosure or behaviour. Engagement activity is focused on material environmental and social risk areas for select issuers and provision of relevant information. This included areas such as the provision of emissions data, use of science based targets and adherence to targets. For each asset, the Investment Manager examined and reviewed the scores of the indicators to determine an issuer's ESG credentials over time and considered any relevant shocks that may impact the scoring. ESG scores were reassessed as material ESG developments occurred and updated in line with issuer reporting cycles and updated/verified at least semi-annually.

Reference benchmarks are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

- **How did this financial product perform compared to the reference benchmark?**

Not applicable.

- ***How does the reference benchmark differ from a broad market index?***

Not applicable.

- ***How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?***

Not applicable.

- ***How did this financial product perform compared with the reference benchmark?***

Not applicable.

- ***How did this financial product perform compared with the broad market index?***

Not applicable.
